**Texas Children's Hospital**  
**West Campus Fact Sheet**  
**Page 2**

**Why:** Serving one of the nation's fastest growing populations of children, the area from Sugar Land to Bryan-College Station. Area's current pediatric population projected to grow to 400,000 (51%) by 2015.

**Community Presence:** Twelve Texas Children's Pediatric Associates (TCPA) primary care physician offices in the area, including the new TCPA-Cinco Ranch which opened this week.

Three Texas Children's Health Centers located in Cy-Fair, Sugar Land and West Houston. (West Houston Health Center will relocate to West Campus.)

***About Texas Children's Hospital:***

Texas Children's Hospital is committed to a community of healthy children by providing the finest pediatric patient care, education and research. Renowned worldwide for its expertise and breakthrough developments in clinical care and research, Texas Children's is ranked in the top ten best children's hospitals by *U.S. News & World Report*. Texas Children's also operates the nation's largest primary pediatric care network, with over 40 offices throughout the greater Houston community. Texas Children's has embarked on a \$1.5 billion expansion, *Vision 2010*, which includes a comprehensive neurological research institute, the formation of a maternity center, and the development of the new West Campus, Texas Children's first pediatric hospital in a suburban setting.
