Objective:

To clear your history of temporarily stored images, scripts, and other website data while you are using your CME Tracker™ Staff Edition.

Introduction:

Clearing your cache (deleting temporary internet files) is a step you will take when updating your CME Tracker™ Staff Edition.

Method:

Step 1:

- a) Open Google Chrome™ as your web browser. (Fig. A)
- b) Select the Chrome menu on the browser tool bar. (The 3 dots in the upper right corner.)
Step 2:
   a) Select **More tools**.
   b) In the dialog box that displays select **Clear browsing data**. (Fig. B)
Step 3:

a) In the Clear browsing data dialog box select All time from the Time range dropdown menu.
b) Check all three options that display (Browsing history, Cookies, and Cached images).
c) Select CLEAR DATA (Fig. C)

This concludes the tutorial on “How to clear the cache using Google Chrome™”.
