

Purchase Order Terms and Conditions

- 1. Applicability; Objection to Additional or Different Terms and Conditions.** This document, together with Buyer's purchase orders and any exhibits, attachments and other documents incorporated by reference (collectively, the "P.O.") is an offer by Buyer to purchase the goods and/or services indicated on the P.O. ("Work") upon the terms and conditions contained herein. SELLER'S ACCEPTANCE OF THE P.O. IS EXPRESSLY CONDITIONED UPON SELLER'S ASSENT TO ALL OF THE TERMS AND CONDITIONS HEREOF AND IS LIMITED TO THE TERMS AND CONDITIONS SET FORTH HEREIN. Terms or conditions contained on any prior, contemporaneous or subsequent communication from Seller or Buyer (whether written, verbal or transmitted through electronic means, including but not limited to catalogs, merchandise material, delivery documents, and acknowledgements) that submit, propose, or state any additions, changes, deviations, or modifications to the P.O. shall automatically be deemed void, objected to and rejected by Seller and Buyer. By acknowledging receipt of the P.O. or by supplying the Work described in the P.O., Seller agrees to the terms and conditions set forth herein. Once accepted, the P.O. is the final and complete expression of agreement between Buyer and Seller, setting forth the entire agreement between Buyer and Seller regarding this transaction and including all promises and representations both express and implied. Any matters not contained herein, or otherwise referenced or incorporated herein, are not a part of the P.O. For Work consisting of goods, whenever any term or condition of sale is not addressed by the P.O., the Uniform Commercial Code, as adopted by the State of Texas, will apply.
- 2. Standard of Performance.** Seller warrants that all Work shall be performed by personnel experienced and highly skilled in their profession and in accordance with the highest applicable standards of professionalism for comparable or similar Work. Seller shall be responsible for the professional quality, timeliness, coordination and completeness of the Work. Seller personnel assigned to perform Work within any Buyer facility shall be as proposed by Seller and approved by the Buyer. No such personnel of Seller shall be reassigned without the approval of the Buyer. Seller shall use only personnel required for the performance of the Work who are qualified by education, training and experience to perform the tasks assigned to them. Seller agrees to replace any of its employees whose performance is considered by the Buyer to be unsatisfactory or contrary to the requirements of the Work. The Buyer shall not supervise nor control the details of Seller's performance of the Work, but rather shall be interested only in the results of Seller's Work. Seller shall be excused for any nonperformance due principally to circumstances which are both beyond its control and not foreseeable, but in no event shall Seller be excused for any inability to obtain goods or services necessary for Seller's performance, nor for any labor dispute involving employees of Seller.
- 3. Assurance.** If at any time Buyer in good faith determines that it questions Seller's ability or intent to perform, Seller agrees to provide Buyer with written assurance fully satisfactory to Buyer, in Buyer's sole discretion, of Seller's ability and intent to fully perform. Such assurance shall be provided within the time and in the manner specified by Buyer. Seller shall immediately notify Buyer of any circumstance which may cause Seller to fail to fully perform. Upon Buyer's good faith determination that Seller cannot or will not perform, then Buyer may deem this P.O. to be breached by Seller (unless performance is excused as otherwise provided herein) and may terminate this P.O. and exercise its rights under the terms of this P.O., at law, or in equity as a result of Seller's breach.
- 4. Inspection and Acceptance.** Buyer reserves the right to inspect and either accept or reject Work that contains any defect in materials, workmanship, or design or fails to conform to the written specifications (the "Specifications") provided to Buyer for the Work ("Defective Work(s)"). Buyer may, at its option: (i) return or reject Defective Work at Seller's expense, for a full refund of the purchase price; (ii) return Defective Work to Seller for repair or replacement or require Seller to re-perform Defective Work; or (iii) exercise any other rights that Buyer may have herein, at law or in equity. Defective Work that is returned to Buyer after repair or replacement is subject to the same inspection and acceptance provisions of this P.O. as work originally delivered. If Buyer returns Defective Work to Seller for repair or replacement, Seller shall repair or replace Defective Work within five (5) days of receipt thereof. If Buyer requires re-performance of Defective Work, Seller shall re-perform the services constituting Defective Work within five (5) days of receipt of Seller's demand for re-performance. Seller shall pay all costs related to repairing, replacing, or re-performing Defective Work, including, but not limited to: labor, materials, and inspection and shipping costs to and from Buyer's facilities, and any costs associated with expediting or replacing any goods provided by Seller. If Buyer incurs any such costs directly, Buyer may recover such costs from Seller or offset such

amount against unpaid purchase orders for other Work. All Work shall be new, unless otherwise specified in this P.O. Neither Buyer's inspection nor failure to inspect shall relieve Seller of any obligations hereunder.

- 5. Manuals and Alerts.** At no additional cost to Buyer, all Work shall be delivered to Buyer with one complete set of operation instructions, schematics, and maintenance manuals. Seller shall notify Buyer of all service bulletins, device alerts, and field modifications that pertain to the goods.
- 6. Spare Parts.** Seller shall provide to Buyer any required spare parts, test fixtures, and/or optional equipment for continued maintenance or improvement of the Work for the life of the goods. For the sale of spare parts or optional equipment, Buyer's standard purchase order terms and conditions shall apply unless otherwise agreed to by the parties in writing prior to the sale. Seller warrants that its published price schedule is consistent with market prices for similar parts and services by other third party suppliers. Copies of all engineering change orders, field modifications, or related documents that affect the operation of any goods purchased under this P.O. must be provided to Buyer for as long as the goods are manufactured.
- 7. Warranty.** Seller warrants to Buyer that the Work purchased under this P.O. is (i) with respect to Work consisting of goods, (a) in all material respects, manufactured in conformance with current good manufacturing practices as set forth in Title 21 of the Code of Federal Regulations effective at the time of manufacture; and (b) not adulterated or misbranded within the meaning of the FDCA, an article that may not be introduced into interstate commerce under the applicable provisions of the FDCA, or manufactured, sold, or shipped in violation of any applicable federal, state, or local law, rule, or regulation in any material respect; (ii) free from defects, including latent defects, in materials, workmanship or design, (iii) performed in a good and workmanlike manner and in accordance with applicable industry standards, (iv) manufactured in conformance with the Specifications and applicable law and industry standards, including but not limited to all Quality System regulation (QSR) requirements and other applicable requirements of the FDCA and its implementing regulations,; (v) free and clear of all liens, encumbrances, security interests, burdens and/or other claims, such that good and valid title will vest in Buyer; and (vi) free of infringement or violation of any copyright, trademark or other intellectual property rights. If a defect is discovered, Buyer may, at its option: (1) return or reject the Work at Seller's expense for a full refund of the purchase price; (ii) require Seller to repair, replace, or re-perform the Work within five (5) days of receipt of demand; or (iii) exercise any other rights that Buyer may have in law or equity. Work returned to Buyer under this warranty after repair or replacement is subject to the same inspection and acceptance provisions of this P.O. as Work originally delivered. If Buyer returns Work under this warranty to Seller for repair or replacement, Seller shall repair or replace goods with non-defective, conforming goods within five (5) days of receipt thereof. If Buyer demands re-performance of Work under this warranty, Seller shall re-perform the Work within five (5) days of receipt of demand for re-performance. Seller shall pay all costs related to repairing, replacing, or re-performing such Work, including, but not limited to labor, materials, inspection and shipping costs to and from any of Buyer's facilities, and any costs associated with expediting or replacing any goods provided by Seller. If Buyer incurs any such costs directly, Buyer may recover such costs from Seller or offset such amount against unpaid purchase orders for other Work. Seller will transfer any manufacturer's warranties to Buyer.
- 8. Change Order.** Buyer shall be obligated to pay Seller only for Work described herein. Any additional goods and/or services must be approved in writing by Buyer. Buyer may, without invalidating this P.O., make changes to the Work to be provided hereunder. If such changes cause an increase or decrease in the cost or time required for performance of the Work, an equitable adjustment shall be made in compensation and/or period of performance, and this P.O. shall be amended accordingly in writing.
- 9. Pricing; Invoices and Payment.** The prices in this P.O. include all direct, indirect, and incidental charges related to the sale and delivery of the Work to Buyer, including but not limited to packaging, packing, crating, storage, forwarding agent and brokerage fees, insurance costs, processing fees, freight shipping charges, travel costs, document fees, account management fees, duties and charges of any kind. All travel related expenses will be in accordance with Buyer's approved travel reimbursements policies and procedures in effect at the time of the applicable P.O., which will be provided to Seller upon request. Buyer shall have the right (but not the duty) to withhold payments due to Seller hereunder and apply same to the payment of any obligations of Seller to Buyer. Delay in receiving invoices, as well as errors

and omissions on invoices, will be considered just cause for Buyer to withhold payment without losing discount privileges, if any. Seller will retain for the longer of (i) two (2) years after the delivery or completion of any Work under this P.O. or (ii) until the final resolution of any outstanding dispute between Buyer and Seller, Seller's internal books and records pertaining to the goods, in sufficient detail and condition to permit inspection, review, and/or audit of such books and records by Buyer or Buyer's authorized representatives, and Buyer or Buyer's authorized representatives shall have the right to conduct such inspection, review and/or audit of such books and records upon reasonable advance notice to Seller.

- 10. Termination.** Buyer or Seller may terminate this P.O. upon default of the other party, upon written notice to the defaulting party. Buyer may terminate this P.O. at any time for any reason, upon notice to Seller. Seller shall mark each shipping container to show Buyer's P.O. number or other Buyer reference number as part of the delivery address. Seller's failure to do so will cause Buyer significant delivery difficulties and delays. Seller shall include in each container a packing list showing the P.O. number, part number, and quantity.
- 14. Trademarks, Logos, and Advertising.** Buyer's name, trademark, copyrights, and/or logo may not be used by Seller without Buyer's prior written approval.
