Leading the field of neonatology

Texas Children's neonatologists author the renowned *Baylor College of Medicine Guidelines for the Acute Care of the Neonate*, an in-depth guide to all aspects of neonatal care. Over 1,200 downloads annually in 69 different countries. Scan the QR code to download the guide.

How to refer a patient

A majority of our patients are transported to us from other hospitals. We welcome the opportunity to partner with you in providing outstanding care to your patients.

Post-admission call: Your patient's attending neonatologist will call you to provide an admission diagnosis, status update and treatment plan.

EPIC CareLink: As a referring physician, you have live portal access to your patient's EMR during the entire admission.

Newborn Center Liaison: Call **832-824-0981** for program information, patient follow-up, educational offers and other inquiries.

Provider Connect: Call **832-TCH-CARE (832-824-2273)** for assistance with referrals, accessing or navigating a Texas Children's service, or connecting with an on-call specialist.

Arranging transport

Neonatal patients can be transported to Texas Children's around the clock by Texas Children's Kangaroo Crew, a highly trained team providing fast, safe, state-of-the-art transport by land and sky.

24/7 Neonate consult: **1-877-Neonate**

24/7 Neonate transport: **1-877-770-5550**
