Texas Children’s Hospital

Pediatric Physician Assistant Fellowship Programs

New PA Trainee Handbook

2021 – 2022
Dear PA Trainee,

Congratulations on your new journey! We are so excited to welcome you into the 2021 – 2022 Surgery, Orthopedic, and Community Surgery Physician Assistant Fellowship classes. You will have a busy year ahead but we have equipped you with a lot of tools that will get you started on the right foot. In this handbook, you will find helpful information about working at TCH, along with some fun things to do in the city of Houston. We want your transition into the fellowship at Texas Children’s to be enjoyable and stress-free. Please contact us if you have any questions, we’re happy to help.

Welcome aboard!

Jacqueline Broda, PA-C, Program Director
Kris Marsack, PA-C, Academic Director
Jordan L. Rodriguez, Project Manager

PA Fellowship Program Mission Statements

TCH PA Surgical Fellowship Program
Our mission is to provide a dynamic pediatric surgical training experience for physician assistants enabling them to provide the highest level of care and create a healthier future for pediatric patients. At the largest Pediatric institution in North America, PA trainees will gain foundational knowledge through simulated workshops, skills labs, cadaver labs and a lecture series to help increase their surgical knowledge base while working alongside world-class surgeons and ancillary staff. By rotating through multiple pediatric surgical subspecialties, PA trainees gain remarkable operative technical skills and become accomplished pediatric surgical providers. The PA trainees receive training in the clinics, operating rooms, inpatient floors, and ICUs where they will become proficient in pre-operative, intra-operative, and post-operative care. Our PA trainees will receive vital exposure under appropriate supervision, to basic and advanced surgical concepts and techniques, that will help them gain confidence and experience necessary to practice in a wide variety of pediatric surgical subspecialties in academic and private settings.

TCH PA Orthopedic Fellowship Program
Our mission is to provide a dynamic pediatric orthopedic training experience for physician assistants enabling them to provide the highest level of care and create a healthier future for pediatric patients. At the largest Pediatric institution in North America, PA trainees will gain foundational knowledge through simulated workshops, skills labs, cadaver labs and a lecture series to help increase their surgical knowledge base while working alongside world-class surgeons and ancillary staff. By rotating through multiple pediatric orthopedic subspecialties, PA trainees gain remarkable operative technical skills and become accomplished pediatric orthopedic providers. The PA trainees receive training in the clinics, operating rooms, inpatient floors, and ICUs where they will become proficient in pre-operative, intra-operative, and post-operative care. Our PA trainees will receive vital exposure under appropriate supervision, to basic and advanced surgical concepts and techniques, that will help them gain confidence and experience necessary to practice in a wide variety of pediatric orthopedic subspecialties in academic and private settings.

TCH PA Community Fellowship Program
Our mission is to provide a dynamic pediatric community surgical training experience for physician assistants enabling them to provide the highest level of care and create a healthier future for pediatric patients. At the largest Pediatric institution in North America, PA trainees will gain foundational knowledge through simulated workshops, skills labs, cadaver labs and a lecture series to help increase their surgical knowledge base while working alongside world-class surgeons and ancillary staff. Physician Assistant Trainee Job Description, Roles, Responsibilities, and Technical Standards

**JOB INFORMATION**

**Effective Date:** 2/1/2017  
**Title:** Physician Assistant Fellow/Trainee  
**Job Code:** 7567  
**Org Unit:** Various  
**Supervisor’s Title:** Manager or above  
**FLSA:** Exempt  
**Supervisory Responsibility:** None  
**Patient Care Provider:** Direct  
**Responsibility:**  

**JOB SUMMARY**

As a Physician Assistant trainee, clinical experiences will be directly supervised by instructional faculty (to include Physician Assistants, Nurse Practitioners, and MDs at Texas Children’s Hospital). Clinical experiences will include providing developmentally appropriate and age appropriate health maintenance for children, episodic care for ill children, and comprehensive care for children with chronic and acute conditions, including interdependent responsibilities in the assessment, diagnosis, and initiation of treatment and procedures. Through this fellowship, PA trainees will obtain a broad educational and clinical background in the care of the pediatric patient. PA trainees will observe and practice alongside their instructional faculty, rotating through subspecialty services and supporting services. PA trainee must progress with increasing independence throughout the program and be capable of competent practice as a surgical PA to successfully complete the program. PA trainees will be involved in education, consultation, research, and evaluation of clinical practice at various levels. All duties are performed in a manner developmentally appropriate to the ages of patients served. Trainees must meet all of the essential duties and responsibilities listed below. These duties and responsibilities are not intended to deter any candidate for whom reasonable accommodation will allow for successful completion of the training program.

**ESSENTIAL DUTIES AND RESPONSIBILITIES**

**Responsibility A:** Under the direct supervision of instructional faculty, utilizes advanced practice knowledge and skills to systematically collect and evaluate health assessment data.

- Obtains a comprehensive health, developmental, and family history on patients, as documented in the patient’s chart.
- Assesses the patient’s physical status through the physical examination, as documented in the patient’s chart.
- Differentiates between normal and abnormal findings, as documented in the patient’s chart.
- Performs or recommends age-appropriate health screening procedures, as documented in the patient’s chart.
- Provides health maintenance and health promotion for children of all ages, as documented in the patient’s chart.
- Performs and evaluates diagnostic procedures and laboratory tests, as documented in the patient’s chart.
- Analyzes multiple sources of data and formulates a differential diagnosis in collaboration with physicians, as demonstrated in the written documentation.
- Follows established protocols to manage specific patient problems/care with 95% accuracy.
• Formulates a plan of care in collaboration with other health care professionals and documents the plan in the patient’s chart.
• Evaluates responses to interventions and modifies the plan of care, as demonstrated by written documentation.
• Accurately presents and documents the data—history, physical, impression, and plan of care on all patients, as demonstrated in the written documentation.
• Writes accurate, legible orders that are co-signed by a physician, as appropriate, as demonstrated in the patient’s chart.
• Demonstrate competency in First Assist skill set.

Responsibility B: Under the direct supervision of instructional faculty, consistently demonstrates effective communication skills and works to eliminate communication barriers.
• Collaborates effectively with other members of the health care disciplines to provide comprehensive care to patients.
• Utilizes effective and appropriate interviewing skills to elicit information from patient and/or family and collaborates with them in the development of the plan of care.
• Communicates with health care team members the comprehensive assessment, impression, and plan of care.
• Communicates positively and appropriately with colleagues in order to work effectively as a team.
• Perceives non-verbal communication and respond appropriately to emotions communicated.
• Demonstrates insight into personal strengths and weaknesses.

Responsibility C: Under the direct supervision of instructional faculty, provides educational resources for the patient and family.
• Identifies and documents patient/family learning needs, readiness to learn, and level of understanding, incorporating family culture and belief systems on all patients.
• Assesses and documents impediments to patient/family learning and formulates plans to overcome them as needed.
• Serves as an educational resource to the patient/family.

Responsibility D: Under the direct supervision of instructional faculty, consistently applies new knowledge relevant to clinical practice.
• Communicates research findings to other health care professionals as observed by patient documentation and presentations.
• Integrates research findings into clinical practice as observed by patient documentation and presentations.
• Demonstrate adequate skill set to perform both high and low acuity procedures. (Division specific)
• Demonstrates life-long learning behaviors.

Responsibility E: Under the direct supervision of instructional faculty, demonstrates current professional, and/or technical knowledge and skills.
• Maintains knowledge base by reading professional literature, attending required didactics, and passing end of rotation examinations.
• Attends all required meetings or notifies program director to be excused.
• Adheres to a 60-80-hour work week policy while behaving in a moral and ethical manner.
• Check in with instructional faculty, check email, clock in and out daily.
• Arrive on time and be prepared for clinical activities

Knowledge and Skills
• Knowledge of physician assistant functions and medical terminology.
• Knowledge of adult learning principles and how to apply these principles to teaching.
• Ability to operate all types of equipment and perform routine and special procedures used in the daily physician assistant care of children.
• Ability to work effectively with others.
• Ability to demonstrate professional qualities
• Incumbent must develop comprehensive skills in the operation of all types of equipment and the ability to perform special procedures used in the daily physician assistant care of children.

**Definitions for Environmental Exposure:**
- Extremes in temperature (>90 degrees F)/humidity (>80%RH)
- Loud noise: >85dBA, this can be judged when a person is within 3' from another person and has to raise their voice to be heard.
- Confined space: A space that is large enough to get in and out of, with limited means of access/egress and is not designed for human occupancy. Examples include air handler units, elevator pits, cooling towers, lift stations and underground vaults

**Does employee need to operate motorized equipment/machines?**
- No

**Does employee spend greater than 50% of his or her working hours driving a Texas Children's vehicle?**
- No

**Does employee spend greater than 50% of his or her working hours driving a personal vehicle on Texas Children’s business?**
- No

**Is employee required to use personal protective equipment?**
- Yes
The above statements are intended to describe the essential responsibilities being performed by people assigned to this job. They are not intended to be an exhaustive list of the responsibilities assigned to these people.
Application Process

Minimum qualifications

- To qualify for the Physician Assistant Fellowships, eligible candidates must have: Graduated from a PA Program with a Master’s degree and eligible for certification by the NCCPA.

Additional Requirements:

- Completed application, Current Curriculum Vitae, Personal statement that focuses on your interest in the program and overall career goals, two professional recommendation letter.

PA license from the Texas Board of Medicine is preferable.

No specific group of applicants are favored in the application process. TCH has an equal opportunity policy.

Equal Opportunity Employment Policy- See TCH Policy #100

Employment Selection- See TCH policy #102
Texas Children’s Hospital Surgery Physician Assistant Fellowship Curriculum

Didactic Curriculum

Structured to provide the PA trainee with a solid foundation of fundamental knowledge in which to develop and hone clinical acumen in the care of the surgical pediatric patient. The didactic curriculum includes live lectures every Thursday at noon with vast, encompassing topics in physiology and pathophysiology, surgery, critical care management and the advanced surgical techniques associated with the treatment of department-specific disease processes to name a few. This is followed by a didactic sessions that could include simulations, cadaver labs, suture workshops, educational trainings, testing, and feedback. PA trainees will also attend Department of Surgery grand rounds, surgical case conferences and other conferences organized by the Department of Surgery or the PA surgical training programs.

Clinical curriculum

Developed to work in concert with the didactic portion, the clinical curriculum features strategically formulated OR days, outpatient clinic, and inpatient exposure. The PA trainee will be expected to perform daily rounds, thoroughly examine patients, present patients articulately and accurately, formulate and implement the plan of care, perform therapeutic procedures, and participate and become proficient in all aspects of care of the surgical patient. The goal is to foster and instruct the PA trainee so that they develop proficient clinical skills in the pre-, peri- and post-operative care of the surgical patient. As required by state law, all clinical activities of the PA trainee will be supervised by instructors.

PA Trainees rotate through the following core rotations:

- Plastic Surgery
- Hand and Micro surgery
- Otolaryngology
- Neurosurgery
- General Surgery
- Trauma
- Transplant
- Congenital Heart Surgery
- Main Campus Surgical Hospitalist
- West Campus Surgical Hospitalist
- Woodlands Surgical Hospitalist
- Urology

In each rotation, PA Trainees will be given a list of skills and number of cases they should complete prior to finishing the rotation.

Please see criteria for completion of graduation for additional didactic requirements needed of PA trainees.

PA Trainees rotate through the following core rotations:

- General Orthopedic
- Hip
- Cerebral Palsy/ Physical Medicine and Rehabilitation
- Lower Extremity Deformity
- Spine
- Inpatient
- Upper Extremity/Hand
- Sports
- Trauma/OR
- Tumor

In each rotation, PA Trainees will be given a list of skills and number of cases they should complete prior to finishing the rotation.

Please see criteria for completion of graduation for additional didactic requirements needed of PA trainees.
Expectations for PA Trainee

Daily:

Work 60-80 hours per week. PA trainee must not exceed 80 hours per work week
Check in with Clerkship Director (instructional faculty)
Check E-mail
Clock in and out
Arrive on time and be prepared for clinical activities
  o If arriving late, please communicate with clerkship director (or instructor you are assigned to work with) ASAP

Clinical Duties: (Please see PA Fellow/PA Trainee Abilities to determine what you are able to do. Please refer to your syllabus for expectations and meet with your clerkship director before starting your rotation)

Pre round and round on patients
History and physical examinations
Writing patient orders
Writing notes in the hospital record
Requesting consultations and discussion with teams about patient care
Ordering diagnostic studies
Assisting in the operating room
Performing invasive procedures with appropriate oversight by supervising provider

What to bring to Monthly Feedback Meetings:

Updates skills check-off list
Updates patient list
End of Rotation Evaluation
Pre and Post Test
3 things you think you did well on this rotation
1 thing you want to do better on your next rotation
Update on your assigned task
Other things we will discuss
  o Mentor
  o Ryan Project
  o Community service hours
  o Blog update
  o Health stream Module
  o Research project update
  o End of year presentation
  o Current job openings
  o Feedback on rotations
Criteria for Successful Completion of TCH Pediatric PA Fellowships

1. Completion of core rotations, elective rotations, and research
   a. 90% attendance – all dates of PTO that are known now, should be communicated during orientation. These are also based on a case-by-case basis. Need to discuss with clerkship directors (instructional faculty) first.
      i. Maximum 1 day per week of a rotation (ex. max 3 days on a 3-week rotation)
      ii. Excluding pre-approved vacations
   b. Average score of 70 or higher on End of rotation evaluation & 75 score on Post-Tests
      i. If score is below 75 on post-test: Written definitions of objectives as assigned by clerkship director (instructional faculty) need to be completed
      ii. If score is below 70 on evaluation: Probation and coaching
      iii. If score is below 75 on post-test and 70 evaluation in one rotation: Probation, coaching, and remediation to include written objectives and a power point/oral presentation as defined by your clerkship director (instructional faculty)
      iv. If score is below 75 for post-test OR 70 for evaluation for 2 rotations: Probation and induction of performance improvement plan and counseling
      v. If score is below 75 for post-test OR 70 for evaluation for 3 or more rotations: Potential dismissal from program

2. 100% attendance at Thursday lecture series and didactic sessions, including simulation labs, cadaver labs, suture workshops and fellowship related meetings. PA trainees are expected to remain at didactic until it is completed. Thursday afternoons are MANDATORY unless cleared by program director
   a. PA Ortho trainee – one-week advanced notice is required if not attending sim (Ortho PA trainee needs to attend all ortho related didactics)
   b. Approved PTO exempts you from this mandatory rule

3. Horizontal Evaluation
   i. At mid-year, PA trainees should be at a level 2 on the horizontal evaluation in order to progress through the PA Fellowship. Remediation would be indicated if they do not meet this criteria.
   ii. At end of year, PA trainees should be at a level 3 on the horizontal evaluation in order to graduate from the PA Fellowship.

4. Completion of one end-of-year formal lecture case presentation
   a. PA ortho trainee is required to present an orthopedic case presentation
   b. Needs to be graded as passed per leadership

5. Passing score of 75 or higher on each section of the end-of-year exam
   a. If you do not pass a specific section, your review and determination of passing that test is determined by the clerkship director (instructional faculty)

6. Passing scores on end-of-year evaluations from Program Faculty

7. Appropriate participation in group research project

8. Completion of 40 hours of Community Service

If any of the above criteria are not met, certificate of program completion will not be given. You are expected to seek out assistance or guidance from your Program Director if you feel that you are unable to meet one of the above criteria for any reason. If the PA trainee receives a failing evaluation of a rotation, or otherwise breaks
TCH Policy (See policy Employee Conduct Policy #1474), progressive coaching and counseling will be initiated with initial written, second written, and final written counseling as appropriate (see Counseling with Employees Policy #1472). A 30-60 day performance improvement plan may be initiated in conjunction with or instead of formal written counseling. This process may lead to termination if the PA trainee is unable to demonstrate willingness and ability to meet the TCH conduct requirements specified by the leader. In compliance with TCH Policy, if the terms of the Fellowship are not met, the relocation stipend is subject to be retracted.

If a PA trainee successfully completes the Texas Children’s Physician Assistant Fellowship, they will receive a certificate of completion. If interested, they are eligible to be CAQ certified in pediatrics or orthopedics for the orthopedic trainee.

__________________________________________
PA trainee Signature                      Date

__________________________________________
Fellowship Program Director Signature     Date
Required academic standards for progression in the program
(In accordance with criteria for successful completion)

a. Average score of 70 or higher on End of rotation evaluation & 75 score on Post-Tests
   i. If score is below 75 on post-test: Written definitions of objectives as assigned by clerkship
custom director need to be completed
   ii. If score is below 70 on evaluation: Probation and coaching
   iii. If score is below 75 on post-test and 70 evaluation in one rotation: Probation, coaching, and
remediation to include written objectives and a power point/oral presentation as defined by
your clerkship director
   iv. If score is below 75 for post-test OR 70 for evaluation for 2 rotations: Probation and
induction of performance improvement plan and counseling
   v. If score is below 75 for post-test OR 70 for evaluation for 3 or more rotations: Potential
dismissal from program

b. 100% attendance at Thursday Didactic Sessions, including Simulation Labs, Cadaver Labs, Suture
Workshops and Fellowship related meetings. Fellows are expected to remain at didactic until it is
completed. Thursday afternoons are MANDATORY unless cleared by program director
   i. PA Ortho fellow- give a week advance notice if not attending sim
   ii. Approved PTO exempts you from this mandatory rule

c. Horizontal Evaluation
   i. At mid-year, PA trainees should be at a level 2 on the horizontal evaluation in order to
progress through the PA Fellowship. Remediation would be indicated if they do not meet
this criteria.
   ii. At end of year, PA trainees should be at a level 3 on the horizontal evaluation in order to
graduate from the PA Fellowship.
PA Fellow (PA Trainee) Abilities

If you are pending your Texas Medical Board License:
- You may place orders (imaging and nursing orders) but you must change the ordering provider to the physician or APP
- You may not prescribe medications
- You may write a note as a PA Fellow (PA Trainee). The credentialed provider (APP or MD) can addend your note with a SOAP note. In order for the provider to capture the billing charge, they need to addend your note with a SOAP note.
- Inpatient notes need to be co-signed by surgeon of record or rounding surgeon.

If you have a TMB License (including Temporary License) and are not TCH credentialed:
- You may place orders (imaging and nursing orders)
- You may write any non-scheduled medication to a patient admitted (obs or inpt) to the hospital. If needed, have a colleague with their DEA write for scheduled II medications
- At this stage you cannot e-prescribe, requiring another provider will need to write medications that need e-prescription. (Main Campus: Discharges - Meds to Beds Acute Care Floors, Same Day Surgery)
- You may write a note as a PA Fellow (PA Trainee). In order for the provider to capture the billing charge, they need to addend your note with a SOAP note.
- Inpatient notes need to be co-signed by surgeon of record or rounding surgeon.

If you have a TMB license and are TCH credentialed as a PA Fellow (PA Trainee):
- You may place orders (imaging and nursing orders)
- You may write any non-scheduled medication for a patient admitted to the hospital (because still no DEA)
- You may e-prescribe scripts (not Scheduled medications)
- You can write notes but should not be the only provider seeing the patient. In order for the provider to capture the billing charge, they need to addend your note with a SOAP note.
- Inpatient notes need to be co-signed by surgeon of record or rounding surgeon.
- You may bill for first assisting only. You cannot bill for notes.

If you have a TMB license, are credentialed, and have a DEA:
- You may place orders (imaging and nursing orders)
- You may write any medication to a patient admitted to the hospital, including all Scheduled medications. You may write for Schedule II medications for an inpatient who will admitted to the hospital for >24 hours (not observation). If you need to write for a Schedule II medication for a patient admitted for observation, your attending must co-sign the order, or a resident could order it.
- You may e-prescribe outpatient scripts for any medications that PAs are able to write for (Schedule III-V. Not Schedule II, ex. Hycet or Morphine)
- Schedule II controlled substances for outpatients require MD e-prescription using a security token. You may write pend the prescription for the MD to co-sign.
- You can write notes but should not be the only provider seeing the patient. In order for the provider to capture the billing charge, they need to addend your note with a SOAP note.
- Inpatient notes need to be co-signed by surgeon of record or rounding surgeon.
- You may bill for first assisting only. You cannot bill for notes.
Team Roles

Team lead:

Inform the team of upcoming didactics and meetings
Keep everyone a cohesive group, morale, events
Meeting tasks on time
Set up meetings with fellows
  o biweekly by phone or in person → bi-rotational email mid/end of rotation with pros/cons per fellow, Ryan Project status, fellowship role status, community service section, blogs, mentors, etc.
  o Send summary to Program Director, Academic Director and Assistant Medical Director Timing based on clerkship director meetings, send right before those meetings to allow for feedback
Events/birthdays → collect birthdays and write them on the whiteboard in the office, banner, personal gifts, Thursday meetings
Leadership meetings ~q5wks, Ryan, Jackie, Kris, Jordan
  o Come with an agenda
  o Provide status updates and relay any concerns, discuss options for motivating team
Monthly fellowship dinners
  o Rotate on who decides the restaurant

Research:

Participates in the research committee
Keeps track of research progress
Keeps program faculty informed
Schedules meetings with research coordinator

Education:

Participates in the education committee
Contacts blog person
Plans schedule for blogs
Gets blog ideas approved
Reminds team to complete evaluations for sims, lectures, and cadavers
Reach out to the instructors the week before Thursday didactics to obtain objectives

Community service/ Electronic:

Participates in the community service committee
Keeps track of everyone’s community services hours
Develops ideas for monthly volunteering opportunities
Sets up noon lecture and shuts down after noon lecture
Helps trouble shoot electronic issues including calling IS Help Desk
Organizes interested applicants for shadowing

**Historian:**

- Participates in media committee
- Collects pictures throughout the year
- Makes PA trainee PowerPoint presentation for interviews
- Makes end of year presentation
- Makes end of year newsletter
- Sends out calendar with fellows’ PTO dates and meetings to CDs 2 weeks before every rotation
- Assists program faculty with website updates

Employee Health and Wellness

You can access information about Texas Children’s employees’ health and wellness clinics through the TCH intranet located on the home page under Human Resources. You can also access this page if you are offsite by using your remote access to get to the TCH intranet.

Employee Medical Clinic **Main Campus**

**Phone:** 832-824-2150  
**Location:** 5 Tower, by the Yellow Elevators

**Hours of Operation:**  
Mon., Wed., Thurs., Fri.: 7:30 a.m. - 4:30 p.m., Tuesday: 6:30 a.m. - 3:30 p.m.

**Highlights:**

- Full service primary care clinic for adults
- Urgent care for minor personal illness and injury
- Available to all active TCH employees
- $10 copay per office visit for TCH medical plan participants
- Same day appointment availability
- An externally hosted, confidential electronic medical record keeps your information private

**Wellness:**

- Weight Watchers At Work
- Fun fitness and wellness challenges
• Wellness education booths, presentations and events
• Chronic condition management programs
• Fitness Center discounts

Employee Health Services Main Campus

Phone: 832-824-2150
Location: 5 Tower, by the Yellow Elevators

Hours of operation: Monday – Friday 7:30 a.m. – 4:30 p.m.
Employee Health promotes a safe, healthy work environment for all employees by providing outstanding occupational health services including:
• New hire processing
• Annual flu vaccine and immunization programs
• Tuberculosis (TB) Testing Program
• Treatment of workplace injuries
• Ability-to-work assessments
• Leave of Absence (LOA) and Workers’ Compensation management
• Medications for business travel

Employee Health Services West Campus

The West Campus nurse is available Monday through Friday from 7:30 a.m. to 4:30 p.m.

Location: 2nd floor, Human Resources
Phone: 832-227-1365

Employee Health Services Woodlands Campus

The West Campus nurse is available Monday through Friday from 7:30 a.m. to 4:30 p.m.

Location: The Woodlands Hospital, Employee Health, 2nd Floor – Blue Wall WL. 0260
Phone: 936-267-5287 | Fax: 936-267-5918

Emergency: An Employee Health nurse is available after hours by pager 24 hours a day for emergencies. Call the page operator at 832-824-1000 to have an Employee Health nurse paged.
Orientation Checklist

Meet with program leadership to review orientation pathway & PA trainee Handbook
Review Policy & Procedures
Complete TCH New Hire Orientation
Meet with Program Coordinator to confirm necessary onboarding paperwork received
Order white lab coats
Update flu and Covid vaccine with Employee Health, if needed
Confirm registration and delegating physician (Dr. Larry Hollier/K0828) with TMB
Obtain NPI #
Update License, PALS, and BLS in MOLI
Register with EverCheck
Register for Disaster Team on MOLI
Request email access for smart phone via Connect site under Forms/Technology Request
Complete Baylor Academic appointment paperwork and return to Program Coordinator
Ensure professional photograph is scheduled and submit final photo to Program Coordinator
Review rotation expectation with your Clerkship Director (instructional faculty) prior to each rotation
  o Syllabi
  o Schedule
  o Form of team communication
  o Team documentation SmartSets/SmartPhrases & access to shared patient lists
Important Documents

Keep a copy of the following things at TCH and in your personal files.
You may need these documents on different occasions.

A copy of your BLS
A copy of your PALS
A copy of your TMB license or temporary if you don’t have your official copy yet
A copy of your Driver’s License
A copy of your Social Security Card
A copy of your Marriage License (if needed)
A copy of your CV
A copy of your Diploma From PA and Undergraduate Program
A copy of your NCCPA Certification
Texas Physician Assistant Medical Board

Overview of the PA Application Process

- You submit your application online. Note which supporting documents you will need to submit for your application to be complete.

- You begin collecting and submitting the supporting documents needed.

We recommend using one of the private overnight delivery services that allow tracking to submit all required items. These services require delivery to a physical address and a phone number. Delivery by a private overnight service to our physical address usually allows you to obtain immediate online confirmation of delivery from the carrier.

<table>
<thead>

<tr>
<td>Phone – (512) 305-7030</td>
<td></td>
</tr>
</tbody>
</table>

- Items mailed through the US Postal Service (regular, certified, express, or overnight), must be addressed to our mailing address, or they will be returned to the sender. A vendor signs for and delivers these items to our agency. Even if a tracking mechanism is used, the signature confirming receipt of items delivered to the mailing address will be that of a vendor employee, making confirmation of delivery more difficult.

- Your application is screened by the Pre-Licensure, Registration, and Consumer Services (PRC) Department to determine whether the required documents that were expected with your application have arrived.

- You are sent an e-mail (or letter if no email address is provided) listing items that are lacking. This listing may include documents you have submitted but have not been received.

This is Important! The content of the items is not reviewed for acceptability until all the supporting documentation is received and the application is assigned to a Licensure Analyst. PRC staff is merely informing you that expected items are lacking and requested item(s) have been received.

- As items are received, staff will send you an email (or letter) to notify you. When the last item is received your application will be sent to the Licensure Department for assignment to a Licensure Analyst.

- Your Licensure Analyst will review your application and documents for content and acceptability. You will be contacted with a list of any additional items needed to complete your application or informed that your application is complete. In many cases more information or documentation is needed. If the item has previously been submitted, the new request will include an explanation regarding why the
submitted document failed to meet standards. Sometimes more items will be required based on information obtained from the new documentation.

- The length of time it will take to complete your application will depend on the acceptability of submitted items and the complexity of the application. Some factors that can increase complexity are “Yes” answers to questions on the Professionalism, Medical Liability section of the application.

- Once all items have been received and have been reviewed and approved by the appropriate members of Board staff, your application will be considered complete and your name will be added to the list of applicants to be granted permanent licensure at the next Board meeting. An email (or hard copy letter if an email address is not available) will be sent informing you. The PA Board meets three times a year.

- A temporary license will be issued, if requested, that allows you to practice between the time the Board staff approves your application and the next Board meeting. To request a temporary license, use the link to the left.

**Supplemental Forms needed for submission:**

1) Proof of Identity: copy of either

- Birth certificate
- Passport

2) Dean’s Certificate (Form D)

3) Form L- PA/AC Physician Assistant Licensure Evaluation

- Filled out by PA Program director
- Or if previously employed then every employer for the past 5 years

- Send a copy of the paper self-query mailed to you by HIPDB/NPDB
- Print out the electronic version of the self-query response

5) Documentation of NCCPA examination attempts.

- NCCPA Attempt Request Form (from TMB website)

6) Alternate Name

- Any documents to support name changes- i.e. marriage documents, divorce decree, court ordered name change

7) Passing the JP Exam
8) Active Practice as a PA

- All physician assistant applicants shall provide sufficient documentation to the board that the applicant has, on a full-time basis, actively practiced as a physician assistant, has been a student at an acceptable approved physician assistant program or has been on the active teaching faculty of an acceptable approved physician assistant program, within either of the last two years preceding receipt of an application for licensure. The term "full-time basis," for purposes of this section, shall mean at least 20 hours per week for 40 weeks duration during a given year.

9) DD 214: if applicable

10) Fingerprints: Physician Assistant licensure applicants are required to submit their Fingerprints for state and national criminal history background checks. Fingerprinting services are provided by IdentoGo by IDEMIA (formerly known as MorphoTrust USA, LLC) for a fee, payable directly to IdentoGo. Results of the fingerprinting will be sent directly to TMB both from the Texas Department of Public Safety Criminal Records and the Federal Bureau of Investigation [http://www.tmb.state.tx.us/page/pa-checklist-of-supplemental-documentation](http://www.tmb.state.tx.us/page/pa-checklist-of-supplemental-documentation)
How to Apply for NPI

- Go to https://nppes.cms.hhs.gov/NPPES/Welcome.do

Individual Providers:

As an Individual Provider, you may only have a single NPI, which will be associated with your unique, individual information. Once you login to NPPES, you will be able to complete your NPI application.

2. Login to NPPES with your I&A Username and password.
3. Complete the NPI application. Estimated time to complete the NPI application form is 20 minutes.
How to Apply for DEA*

DEA: $731/3 year registration

Go To: https://www.deadiversion.usdoj.gov/webforms/jsp/regapps/common/newAppLogin.jsp

![Image](https://www.deadiversion.usdoj.gov/webforms/jsp/regapps/common/newAppLogin.jsp)

**Application for Registration Under Controlled Substances Act of 1970**

(New Applicants Only)

**ONLINE REGISTRATION CONSISTS OF SIX (6) SECTIONS.** Please have the following information available before you begin the application:

**Section 1. Personal/Business Information**

If you are applying for an Individual Registration (Practitioner, MLP, Researcher) you are required to provide your Full Name, Address, Social Security Number, and Phone Number. If you are applying for a Business Registration, you are required to provide the Name of the Business, Address, Tax ID, and Phone Number.

**Section 2. Activity**

Business Activity and Drug Schedule information. In addition - Certain registrants for forms 225 and 519 will need to provide specific drug codes and/or chemical codes related to their operations.

**Section 3. State License(s)**

It is mandatory to provide State medical and/or controlled substance licenses/registrations. Failure to provide a VALID and ACTIVE state licenses will cause the application to be rejected and it will be withdrawn WITHOUT refund.

**Section 4. Background Information**

Information pertaining to controlled substances in the applicant’s background.

**Section 5. Payment**

Payment, via this on-line application, must be made with a Visa or MasterCard, American Express, or Discover. Application fees are not refundable.

**Section 6. Confirmation**

Applicants will confirm the entered information, make corrections if needed, and electronically submit the application and a submission confirmation will be presented. Applicants will be able to print copies for their records.

**WARNING:** 21 USC 843(d). states that any person who knowingly or intentionally furnishes false or fraudulent information in the application is subject to a term of imprisonment of not more than 4 years, and a fine under Title 18 of not more than $250,000, or both.

**Select Your Business Category**

- **Form 224** - Practitioners (MD, DO, DDS, DMD, DVM, DPM), Mid Level Practitioners (NP, PA, OD, etc.), Pharmacies, Hospitals/Clinics, Teaching Institutions
- **Form 225** - Manufacturers, Import/Export, Distributors, Researchers, Dog Handlers, Labs
- **Form 510** - Chemical: Manufacturers, Import/Export, Distributors
- **Form 363** - Narcotic Treatment Clinics
Updating Your Medical Licenses on EverCheck

This information is very important and must be updated before you can have contact with patients. If you have any questions or concerns, contact HR Employee Records at (832) 824-2421, option 3 or send an email to hr_inbox@texaschildrens.org.

EverCheck is an online platform that fully automates and digitizes the way Texas Children’s manages licensures, certifications and registrations across the organization. It will track renewals and expirations as an essential component of our effort to maintain the highest standards of professionalism and quality care, and the EverCheck system will make it easier than ever for you to monitor and update this important information.

Among the many benefits our team members will experience with EverCheck is an easier and more convenient way to submit your LCR renewals online, or via an app on your mobile device, rather than logging into MOLI. The EverCheck platform will also provide your leaders with new tools to help you ensure your license, certifications, and registrations (LCRs) are maintained and kept up to date as required by your job.

Please review the details below for additional information about EverCheck and how it will change and improve our current LCR management process. Resources are also available to support you in adopting this new system.

For a helpful introduction to this new and improved technology, watch this video.

What is changing with EVERCHECK?

1) A simplified and streamlined LCR verification process
   • EverCheck will automatically monitor and verify lifetime LCRs, as well as automatic renewals (e.g., governing health board certifications). No more submitting proof of these renewals through MOLI.
   • For manual LCR renewals (e.g., BLS, driver’s licenses and insurances) you will no longer need to submit paper photocopies or manual email submission. Instead, with EverCheck Wallet, a convenient tool available online via desktop and as an app on iOS and Android devices, all Texas Children’s team members with LCRs can review their data currently on file, self-submit any scanned or photos of new LCRs or updates as required, and sign up for friendly reminders of renewal deadlines.

2) More reader-friendly notifications for expiring or lapsed LCRs
   • Team members will receive timely alerts from EverCheck on critical LCR changes, such as expiring or lapsed licensure.

What actions do I need to take?

1) Follow the instructions below to download and register for your EverCheck Wallet account.
   • Later this week, you will receive an email from EverCheck to register for your EverCheck Wallet account. IMPORTANT NOTE: Please do not attempt to register until you have received this email, which contains a unique link that will automatically sync your employee record with the application.
   • After receiving your email, you will have two weeks to register a new account. If you are unable to do so, simply enter your Texas Children’s work email address here to have the email invitation resent to you.
Once you have created your account, you will be able to see the LCR information that Texas Children’s currently has on record for you based on your current job requirements, and submit updates as necessary.

2) To learn more about EverCheck Wallet, please take a moment to watch this comprehensive video, which will show you how to navigate the app, submit documentation and sign up for push notifications. You can also visit our Employee Records webpage for additional information and helpful EverCheck resources, including answers to frequently asked questions and job aids.
Continuing Medical Education (CME) Offerings

**Fellowship General Lecture Series**

    Thursday, 12-1pm, TCH Auditorium/Virtual

**Surgery Grand Rounds/QIC**

    Friday, 7-8am, TCH Auditorium/Virtual

**Pediatric Grand Rounds**

    Friday, 8:30-9:30am, TCH Auditorium/Virtual

*Service specific CME opportunities are available*
Learning Academy

Courses at the Learning Academy at the Meyer Building are encouraged. In particular, we would like our APP’s to have taken the Targeted Selection course. Crucial Conversations is also very helpful to everyday practice. There is a full list of offerings on the Learning Academy website through the Connect intranet page. Please get permission from your Program Director in advance to register for these courses.
### POLICY STATEMENT

It is the policy of Texas Children’s TCH PA Surgical Fellowship Programs that all PA trainees must comply with a 60-80 hour work week.

### POLICY

1. **Duty Hours**
   1.1 Duty Hours are reviewed weekly by the program director to ensure compliance with the 60-80 hour work week.

2. **Clocking in and out**
   2.1 PA trainees will clock in and out every day through Kronos. It is important that PA trainees’ time card accurately reflects the actual hours they are in the hospital.

3. **Responsibility and Enforcement**
   3.1 Employees, providers (including Baylor College of Medicine faculty, fellows, residents and medical students), volunteers, vendors, contract staff (including Baylor College of Medicine and staff retained through a staffing agency), trainees, students and others whose conduct, in performance of work at or for Texas Children’s, are required to conform to Texas Children’s Policies and Practices, whether or not they are paid by Texas Children’s.

   3.2 Employees in violation of this policy shall be counseled according to Texas Children’s Corrective Action Policy. Violation of this policy can lead to termination of employment for repeat infractions.

Version Creation Date: 1/18/2021  
Effective Date: 1/20/2021
KRONOS Timekeeping

1. PA Trainees are individually responsible for officially entering PTO requests into Kronos timekeeping program.
2. All scheduled PTO and unscheduled PTO will be deducted from fellow’s PTO balance in 8 hour increments.
3. Global time off request pay codes in Kronos timekeeping program:
   - PTO (Scheduled Paid Time Off): Code applicable or pre-approved by your Clerkship Director (Instructional faculty) and/or Fellowship Program Director.
   - PTU (Unscheduled Paid Time Off): Code applicable for unscheduled time off, unapproved time off and/or for another’s illness or injury (not employee).
   - EIB (Earned Illness Bank): Code applicable due to personal employee illness or injury only for greater than 16 consecutive hours.
   - TRRQ (Required Training): Code applicable for professional development activities and/or CME.

How to use Kronos:

- On the right side of the application, hover over grey box that says time off request, then click.
- You should see the following screen.
- Request time off button
  - Enter the required information: a “full day” as 8 hours, starting at 6am.

Important notes about Kronos:

- If a punch is missed and it is realized, please do not clock in – it cannot be appropriately adjusted later. Please message the program director immediately with the correct time.
Email Access for Mobile Device

- This is a helpful tool, however this is optional but highly recommended.
- From the Connect Page, click on “Connect Sites and Services”, then click ”Forms”. Then Mobile Email Access Request. Once the form is completed, it will be directed to your manager for approval.

Remote Email Access: Log in to mail.texasciences.org from any computer to access your TCH email account.

Remote Computer Access: You may access Epic, along with your shared folders through remote.texasciences.org. This does require that you install Citrix on your computer, and it will prompt you to do so when you log in.
Haiku/Canto Mobile Apps for Epic

What are Haiku and Canto?

- Epic Haiku is an app designed for Clinical Providers to run on iOS and Android devices
- Epic Canto is an app designed specifically for the iPad and other tablet devices
- Both Haiku and Canto are available for download from the iOS App Store or Google Play
  - Require iOS 5.0+ or Android 2.2+
- Real-time communication with Epic
- Designed for remote access and on-the-go workflows
  - **BEST USED** for checking a lab result, looking at schedule prior to arrival
  - **NOT** intended as a workstation replacement
    - Not recommended for use with daily rounds, admission process

After downloading the App(s), configure the App by:

- Type [https://mobileapps.texaschildrens.org/mobileconfig/](https://mobileapps.texaschildrens.org/mobileconfig/) in the web browser of your **mobile device**.
- Please download and install Epic Handheld Apps from the App Store or Google Play:
  - Haiku for iPhone or Android Smart Phone
    - Touch for Haiku (Smart Phone) Configuration
  - Canto for iPad or Tablet
    - Touch for Canto (iPad/Tablet) Configuration

Current features for Haiku/Canto:

- Patient Lists
- Patient Search
- View Results
- View all Outpatient Notes
- Ambulatory Schedule
- SnapShot
- In Basket functionality
- View certain types of Inpatient Notes

Current ’09 Haiku/Canto Limitation (to be resolved by Epic 2012 Upgrade)

- Unable to view **TCH customized** IP Note types, i.e. MD Progress Notes, OR/Anes Notes, OP Notes
Easy Haiku/Canto App Installation

Getting started

To get started on your mobile device, go to the iOS App Store or Google Play to download the Epic Haiku (smart phones) or Epic Canto (iPad or other tablets) app. You can scan one of these QR codes with a barcode reader to go directly to them in the App Store or Google Play.

SMART PHONE

[QR Code Image]

IPAD

[QR Code Image]

After installation

After the app is installed, scan this code OR go to https://mobileapps.texaschildrens.org/appconfig/ in your mobile browser (on the smart phone/tablet).
POLICY STATEMENT: It is the policy of Texas Children’s TCH PA Surgical Fellowship Programs that all PA Trainees are given a salary of $31.25 an hour plus benefits for 40 hours per week.

POLICY

1 Remuneration
   1.1 PA Trainees are given a salary of $31.25 an hour for 40 hours per week.
   1.2 Each PA Trainee is given a one year contract
   1.3 Each PA trainee receives an offer letter with this salary from Human Resources prior to their start date.

2 Benefits
   2.1 Each PA trainee receives benefits for a full time employee
   2.2 Each PA Trainee is given a one year contract
   2.3 Each PA trainee receives an offer letter with the benefits from Human Resources prior to their start date.
   2.3.1 For a list of benefits please see, www.texaschildrensbenefits.org/candidate

Original Creation Date: 1/18/2021  Version Creation Date: 1/18/2021  Effective Date: 1/20/2021
Costs related to the PA trainee

There are no costs related to the program which may be incurred by the PA trainee. PA trainees will be responsible for their cost of living including rent/mortgage, transportation, and food. All required didactic opportunities, education, license, and certifications will be covered by Texas Children’s Hospital.
Reimbursement Request

We have the great privilege here to be reimbursed for certain items!

All reimbursement requests will need to be **pre-approved** by your program director prior to submission. No reimbursements will be given without proper supporting documentation (itemized receipts, certificates awarded, etc.)

Each PA trainee will be reimbursed for the items listed below. Please note, **any additional costs will be the fellow’s responsibility.**

**Eligible items for reimbursement:**

- Onboarding Expenses
  - Fingerprints, Jurisprudence
- Licensure
  - Texas Medical Board (Temporary & Full License)
  - BLS (Basic Life Support)
  - PALS (Pediatric Advanced Life Support)
- Other training/certification required for your job
- Other items as approved by your Program Director
- One membership to a Medical Professional Group of your choice (ex. TAPA, AAPA, Gulf Coast PA)
- Conference: if you are presenting, this would need to be approved through Travel Authorization request- [https://is.gd/surgeryapptravelrequest](https://is.gd/surgeryapptravelrequest)

**How To:**

1. If you have not made the purchase and can do so with a credit card, please inform the program director so they can use their company credit card
2. If you have already made the purchase and are interested in submitted for reimbursement, please follow the instructions for using Concur in this link: [http://connect2teams.texashildrens.org/teams/2/NICU3/NewbornCenterTeam/NICU%20Library/RN%20Resources/Certification%20Review/Certification%20Reimbursement%202020.pdf](http://connect2teams.texashildrens.org/teams/2/NICU3/NewbornCenterTeam/NICU%20Library/RN%20Resources/Certification%20Review/Certification%20Reimbursement%202020.pdf)
3. Fellow Cost Center: **1364**
POLICY STATEMENT: Texas Children’s Hospital is not responsible for refunds of tuition and fees accrued prior to starting at Texas Children’s Hospital.

POLICY

1 Refund of Tuition and Fees  
   1.1 Texas Children’s Hospital is not responsible for refunds of tuition and fees accrued prior to starting at Texas Children’s Hospital.

2 Relocation Assistance  
   2.1 Please refer to TCH policy on relation assistance, TCH Policy #104

3 Financial Assistance  
   3.1 Texas Children’s does not offer financial assistance for eligible employees who face financial hardship caused by unexpected, unforeseen, or unavoidable circumstances. Please see TCH Policy #134

4 Responsibility and Enforcement  
   4.1 Employees, providers (including Baylor College of Medicine faculty, fellows, residents and medical students), volunteers, vendors, contract staff (including Baylor College of Medicine and staff retained through a staffing agency), trainees, students and others whose conduct, in performance of work at or for Texas Children’s, are required to conform to Texas Children’s Policies and Practices, whether or not they are paid by Texas Children’s.
   4.2 Employees in violation of this policy shall be counseled according to Texas Children’s Corrective Action Policy. Violation of this policy can lead to termination of employment for repeat infractions.

Employee Assistance Program

**Location:** Meyer Building basement, MB1201  
**Phone:** 832-824-3327 / eap@texaschildrens.org  
**Hours of Operation:** Monday - Friday, 7:30 a.m. - 4:30 p.m.  
**After Hours:** For urgent after-hour needs, call 832-824-2099 and ask for EAP.

The Employee Assistance Program (EAP) provides confidential and professional consultation, counseling, and educational services at no cost to Texas Children’s staff and their eligible dependents. The EAP team provides many services including:

- Programs for grief recovery, family or relationship issues, workplace concerns, critical incident stress, legal and financial concerns, and substance abuse
- The Employee Financial Assistance Fund, for employees who face unavoidable, unforeseeable financial hardship
- Guidance for employees and work teams to enhance their health, wellness, and productivity

**West Campus:** By appointment only. Call 832-824-3327 to schedule an appointment
Performance Evaluation Tools (PE Tools):
Every provider is required to complete a Performance Management Evaluation or “PE Tool” each year. This is an electronic document to track your success and performance annually. Your manager and Team Lead will guide you with this process.

TCH IDS Performance Management Tool consists of 3 Parts:

1. Objectives: will be provided by your leader
   - Must be “S.M.A.R.T.”
     - Specific
     - Measurable
     - Attainable
     - Relevant
     - Time bound
     - Example: Create a hospital approved education handout for gastrostomy tube patients by October 2015.

2. Success Profiles
   - “Success Profile competencies are the knowledge, skills and behaviors needed to achieve your results and performance objectives. Competencies are referred to as "the hows" as they define how you will achieve your objectives. You should have 3 to 5 competencies. These competencies are required for your role, and are NOT what you need to improve or develop.”
   - The format for documenting these are the “STAR” format- Situation/Task, Action, and Result.
   - Example:
     - Situation/Task: Surgery clinic has been receiving call from unhappy parents because they felt they were not properly educated on how to manage their children’s GTs. We felt this was unsafe practice and the parents need proper teaching prior to discharge.
     - Action: I initiated working with our RN in clinic and research team to create an education handout for discharge. This was approved by marketing and attending MDs.
     - Result: We have had less calls with GT problems and frustrated parents. Majority of all patients who received GT attended class prior to discharge.

3. Developmental Plan
“Your Development plan should have 1 to 2 competencies. These are the competencies that you need to develop for success in your current role or for your own career development for future roles.”

- These can also be performance improvement plans or a result of a specific coaching goal established between you and your leader

How to Access and Document PE Tools:

Log into MOLI and click on “ePerformance Homepage” ➔ my current documents ➔ click on current template.

You will see each objective listed in your template. Click on the small pencil icon to edit and enter your documentation for each objective.
TCH Dress Code Policy:

Refer to TCH Policy #1519

White Coats:

Please see Program Coordinator for assistance with this.

For cleaning, you may drop your coat in the white bin outside of the MC Surgical Hospitalist office on MW 6th floor. It takes roughly 2-3 weeks for them to return. **YOU MUST WEAR YOUR WHITE COAT IF WEARING TCH SCRUBS**

Restricted Area includes operating rooms, procedure rooms, and the clean core (Pod).

1. Surgical attire includes clean hospital-issued TCH Scrubs and TCH Scrub jackets (jacket must be buttoned if you are positioning the patient)
   Hair coverings, including facial, neck and chest hair, are required at all times.
   i. All possible head and facial hair, including the sideburns and neckline, are covered completely by a clean, lint-free scrub hat or surgical hood while in restricted areas of the surgical suite.

2. Masks are required in this area when unwrapped sterile items are present. **(EXCEPTION:** Masks are not required for the following procedures: Cast changes, Spica cast placement, Closed reductions without pinning, Myringotomy, Tonsillectomy, Adenoidectomy Examination Under Anesthesia (EUA) of ears, Endoscopic Sinus Surgery (ESS) and GI Endoscopy procedures: use standard precautions when splashes, splatters can be reasonably anticipated according to policy IC032). During COVID, **MASKS ARE REQUIRED AT ALL TIMES**

3. Standard protective eye wear must be worn by all Operating Room personnel whenever splashes, spray, splatter or droplets of blood or other potentially infectious materials may be generated and eye, nose or mouth contamination can be reasonably anticipated. (See Policy No. IC032 Personal Protective Equipment in the O.R.).

   *Eye Protection is required in all patient encounters during COVID*

4. OR Masks are single use only – they should be removed when leaving the O.R. suite.

5. All personnel entering the semi-restricted and restricted areas of the surgical suite must have all jewelry totally confined or removed.
   a. Rings, watches, or bracelets should be removed before hand washing.
   b. Stud or small loops (no larger than a quarter) pierced earrings may be worn, but covered by scrub cap when in restricted areas.

6. Disposable coveralls (bunny suits) may be worn over street clothes in situations where changing into scrub attire is not feasible

7. Scrub attire is to be changed when it becomes contaminated by blood, patient drainage, or solutions that will increase the incidence of cross contamination.

8. Shoe covers are optional, but if worn, must be removed upon leaving the suite.

9. Fingernails should be short, clean, and healthy.
   i. Fingernail polish (non-shellac) may be worn. Polish should be in good repair, unchipped, and no more than 4 days old. Personnel are expected to monitor their nails using surgical conscience.
   ii. Artificial fingernails of any kind are NOT permitted

10. Shoes are to be closed toe, clean and presentable.
Scrub Access:
You will be allocated two sets of scrubs for the operating room. Please see Linda Mayfield in the Surgery Academic Office to set this up once you have your badge or email her at ljmayfie@texaschildrens.org

- Required to wear professional attire into the hospital, change into clean scrubs, and change back into professional attire upon leaving. Professional attire does include non-TCH issued scrubs.
ARC- PA Accreditation Status

The TCH PA Surgical Fellowship Programs are applying for accreditation. They are submitted their application for review in Spring 2021 with a potential site visit in Fall 2021. The program will update current and prospective students with any updates on the status of accreditation.
Fellowship Time Off Expectations and Policies

ATTENDANCE:

It is the policy of Texas Children's Hospital that all employees report to work on time for each scheduled shift, unless time off is required for illness, injury or personal reasons.

1. PTO is paid time off: vacation, personal or family illness or injury and other time off.
2. Scheduled PTO is time requested and approved in advance. **PTO must be approved a minimum one month in advance.**
3. 40 hours of PTO is available upon commencement of employment
4. PTO hours accrue 90 days after commencement of employment at a rate of 6.34 hours per pay period
5. PA Trainees may take a maximum of 1 day per week of a rotation (ex. max 3 days on a 3-week rotation). Excluding pre-approved vacations
6. PA trainees are expected to keep the Fellow Outlook calendar current and up-to-date at ALL times

**PTO (SCHEDULED):**

1. PA trainee must submit time off request via email to respective Clerkship Director (instructional faculty) to obtain approval for PTO at minimum one month in advance of rotation.
2. PA trainees are individually responsible for officially entering PTO requests into Kronos timekeeping program
3. PTO request should **NOT** be entered into Kronos timekeeping program until official approval via email from respective Clerkship Director (instructional faculty) is obtained
4. Time off should be sent to Program Director and Program Coordinator in Outlook once approved in Kronos
5. During designated research rotations, all requested PTO should be directly submitted for approval by the Program Director
6. Clerkship Directors (Instructional Faculty) must email explanation for denial of any individual fellow’s PTO request to Program Director

**OCCURRENCES (UNSCHEDULED TIME OFF):** Please refer to TCH Policy #4929

- An Occurrence (PTU) is unscheduled time off amounting to:
  - more than one-half of a scheduled shift
  - four incidents of tardiness over a rolling 12 month period
- TCH policy states corrective action for excessive unscheduled time off is as follows:
  - Employee should receive initial written counseling upon accruing 5 occurrences in a rolling 12 month period or upon accruing 1 occurrence during their first 90 days of employment
  - Employee will receive a second written counseling upon accruing 6 occurrences in a rolling 12 months period
Employee will receive a final written counseling upon accruing 7 occurrences in a rolling 12 month period or upon accruing 2 occurrences during their first 90 days. Employee will be informed that an additional occurrence may result in termination.

- Occurrences are documented in Kronos timekeeping program as PTU
- 8 hours will be deducted from PA trainee’s PTO balance for EACH occurrence (unscheduled PTO)
- If PTO balance is exhausted (zero), hours missed will be UNPAID
- An occurrence will be documented in the PA trainee’s personnel file / Kronos timekeeping program
- Corrective action will take place as detailed above in first 90 days or rolling 12 month period
- PA trainee may reconcile missed hours of education, if so desired, on own time schedule (extra shift)
- All occurrences (unscheduled time off) MUST be reported by the individual PA trainee to the Program Director immediately

**POLICY STATEMENT:** The training of Postgraduate Physician Assistant Surgical Fellowships is a mission of the Department of Surgery Advanced Practice Providers. PA Trainees must be supervised by teaching staff to ensure that trainees assume progressively increasing levels of responsibility according to their education, ability, and experience. This document describes the principles and general guidelines for the supervision of trainees at Texas Children’s Hospital.

The education of PA Trainees requires a partnership of the Instructional faculty and Texas Children’s Hospital. The following policies provide a framework that integrate the pertinent policies of Texas Medical Board and Texas Children’s Hospital’s requirements that a Physician Assistant must practice under the supervision of a licensed physician. In addition to providing an environment for outstanding trainee education and clinical experience, these policies are expected to support the goal of delivering high quality patient care.

**Definitions:**

Program Faculty: Health care professionals assigned to work with the clinical postgraduate PA program as a major component of their work assignment. This includes the Medical Director, Assistant Medical Director, Academic Director, Program Director, and Program Coordinator.

PA Fellowship Supervising Physician: The supervising physician for the PA trainees enrolled in the PA Surgical fellowship programs is the fellowship medical director.

Attending Physician: A licensed independent practitioner who holds admitting and/or attending physician privileges consistent with the requirements delineated in the *Bylaws, Rules and Regulations* of Texas Children’s Hospital and Baylor College of Medicine.
Instructional Faculty/Clerkship Directors: Preceptor to the PA trainee that is a licensed and appropriately credentialed medical professional serving to supervise the patient care activities of the PA trainee during their clinical rotations.

Instructor: Individuals providing instruction or supervision during the program, regardless of length of time of instruction or professional background of the instructor. This includes Texas Children's Hospital and Baylor College of Medicine MDs, PAs, and NPs.

PA Trainee: Physician Assistant graduate who is NCCPA-eligible or who holds a current NCCPA certification and is enrolled in a clinical postgraduate PA program. Also referred to as a PA Fellow.

POLICY

1 Attending Physician/Advanced Practice Provider Responsibilities
   1.1 The instructor has a defined process for supervision of each participant in the program while carrying out patient care responsibilities. Such supervision will be provided by an instructor with appropriate clinical privileges, with the expectation that the PA trainee will develop into a practitioner who has the knowledge, skills, experience and abilities to provide care to the patients applicable to his/her training program.
   1.2 The instructor has overall responsibility for the quality of the professional services provided by the PA trainee. In a hospital, the management of each patient's care (including patients under the care of the PA trainee) is the responsibility of an instructor with appropriate clinical privileges. Therefore, the instructor assures that a member of the medical staff who has been granted clinical privileges through the credentialing process supervises each participant in a postgraduate PA program in his/her patient care responsibilities.
   1.3 The program faculty are responsible for providing written descriptions of the role, responsibilities, and patient care activities of participants in the postgraduate PA programs to the medical staff. It is the obligation of each attending physician to be knowledgeable of these responsibilities.
   1.4 The position of instructor entails the dual roles of providing quality patient care and effective clinical teaching. Although some of this teaching is conducted in the classroom setting, the majority of it is through direct contact, mentoring, and role modeling with trainees. All patients seen by the trainee will have an assigned attending physician or advanced practice provider. The instructor is expected to:
      1.4.1 Exercise control over the care rendered to each patient under the care of a PA Trainee, either through direct personal care of the patient or through supervision.
      1.4.2 Effectively role model safe, effective, efficient and compassionate patient care and provide timely documentation to the program director required for trainee assessment and evaluation.
      1.4.3 Review and addend history and physicals.
      1.4.4 Review and co-sign inpatient orders until The PA trainee has been credentialed by Texas Children’s Hospital.
      1.4.5 Review and sign progress notes, procedural, and operative notes and discharge summaries.
1.5 In general, the degree of instructor involvement in patient care will be commensurate with the type of care that the patient is receiving and the level of training, education and experience of any trainee(s) involved in the patient’s care.

1.6 The intensity of supervision required is not the same under all circumstances; it varies by specialty, level of training, the experience and competency of the individual trainee, and the acuity of the specific clinical situation. Instructors may authorize the guidance of a PA trainee by an MD trainee based on their assessment of the MD or senior level trainee’s experience and competence, unless limited by existing or future hospital policies. Medical care teams frequently are involved in the management of patients and many different instructors may act as the primary provider at different times during the course of a patient’s illness. Instructors must provide personal and identifiable service to the patient and/or appropriate medical direction of the trainee when the trainee performs the service.

1.7 The following are specific instances in which involvement of the instructor is required:

1.7.1 For Inpatient Care:

1.7.1.1 Examine the patient within 24 hours of admission, when there is a significant change in patient condition, or as required;

1.7.1.2 Confirm or revise the diagnosis and determine major changes in the course of treatment to be followed;

1.7.1.3 Either perform the services required by the patient or supervise the treatment so as to assure that appropriate services are provided by the PA trainees or others, and that the care meets a proper quality level;

1.7.1.4 Be present and ready to perform any service that would be performed in a non-teaching setting. For major surgical or other complex, high-risk medical procedures, the attending physician must be immediately available.

1.7.1.5 Make decision(s) to authorize or deny elective and urgent admissions, discharge from an inpatient status or release from observation or outpatient status:

1.7.1.5.1 An instructor decision shall be required to authorize an inpatient’s discharge, or release from observation or outpatient status.

1.7.1.5.2 Issue all “No Code” or DNR orders. “No Code” or DNR orders shall be issued only by an attending physician. Physician must sign where the form asks for physician signature, no substitutions.

1.7.1.5.3 [https://www.dshs.texas.gov/emstraumasystems/FAQsforDNR.pdf](https://www.dshs.texas.gov/emstraumasystems/FAQsforDNR.pdf)

1.7.1.6 Assure a completed history and physical and a completed, appropriately signed, and witnessed consent form is placed in the patient’s record prior to the performance of an operative or invasive procedure involving substantial risk.

1.7.1.7 Assure appropriate documentation is made immediately in the medical record when a procedure is completed on a patient.

1.7.2 For Outpatient Care:

1.7.2.1 The extent and duration of the instructor’s presence will be variable, depending upon the nature of the patient care situation, and the type and complexity of the service. The responsibility or independence given to PA trainees depends on their knowledge, manual skills and experience as judged by the instructor, and their credentialing status. An instructor must be designated and available at all sites of training.
Physician Assistant Trainee Responsibilities

2.1 Each PA Trainee must be NCCPA-eligible or hold a current NCCPA certification and enrolled Texas Children’s Hospital Physician Assistant Fellowship Program. PA trainees start as learners and increase their scope of practice once privileges and credentialing through Texas Children’s Hospital are complete.

2.2 PA Trainees are expected to:

2.2.1 Participate in care at levels commensurate with their individual degree of advancement within the teaching program and competence, under the general supervision of appropriately privileged instructional faculty.

2.2.2 Perform their duties in accordance with the established practices, procedures and policies of the institution and clinical departments.

2.2.3 Adhere to state licensure requirements, federal and state regulations and risk management/insurance/occupational health/safety requirements.

2.2.4 Fulfill all institutional requirements; such as maintaining PALS certification, completing required instructional exercises, as detailed in their Criteria of Successful Completion.

Responsibility and Enforcement

3.1 Employees, providers (including Baylor College of Medicine faculty, fellows, residents and medical students), volunteers, vendors, contract staff (including Baylor College of Medicine and staff retained through a staffing agency), trainees, students and others whose conduct, in performance of work at or for Texas Children's, are required to conform to Texas Children's Policies and Practices, whether or not they are paid by Texas Children's.

3.2 Employees in violation of this policy shall be counseled according to Texas Children's Corrective Action Policy. Violation of this policy can lead to termination of employment for repeat infractions.

| Original Creation Date: 1/18/2021 | Version Creation Date: 1/18/2021 | Effective Date: 1/20/2021 |
POLICY STATEMENT: It is the policy of Texas Children’s TCH PA Surgical Fellowship Programs, in the unlikely event that the programs must be closed prior to the planned graduation date of the program’s current class, it will make a reasonable effort to complete the training program for the actively enrolled PA trainees.

POLICY

1 Teaching Out

1.1 In the unlikely event that the Texas Children's Physician Assistant Surgical Fellowship Programs must be closed prior to the planned graduation date of the program's current class, the Texas Children's Physician Assistant Surgical Fellowship Programs will make a reasonable effort to complete the training program for the actively enrolled PA trainees.

1.2 If this is unable to be achieved, then the program will pursue the possibility of placing the affected PA trainees in another accredited post graduate surgical program or assist trainees in finding employment.

1.3 Before making any reduction in the number of trainee positions, the program director and medical director will work with the Department of Surgery to ensure that careful consideration has been given to the impact that such a reduction would have upon the department’s other post-graduate PA training programs.

1.4 Texas Children's Hospital will also evaluate the impact upon the quality and safety of care being provided to the patients.

1.5 PA trainees will be informed as soon as possible of any decision regarding program closure or reduction in program size.
POLICY STATEMENT: It is the policy of Texas Children’s Hospital PA Surgical Fellowship Programs that PA trainees are eligible to apply for any job throughout the program. If a PA trainee applies for and is accepted into a job at Texas Children’s Hospital, the PA trainee may use the last elective block as a transition into their new role and still graduate from the program as long as they continue to attend all didactic sessions and complete all fellowship program duties required of graduation (see criteria for successful completion of program), meet TCH requirements of the position, and demonstrate appropriate competencies for the curricular components as demonstrated by completion of skill check off list, pre and posttest, patient log, evaluations for every rotation, end of year exam, and end of year presentation. No other advanced placement options will be offered at this time.

POLICY

1. Job Application outside of TCH
   1.1 All PA trainees are eligible to apply for any job throughout the program. PA trainees will only be able to receive a certificate of completion if they attend all didactic sessions and complete all fellowship program duties required of graduation (see criteria for successful completion of program), and demonstrate appropriate competencies for the curricular components as demonstrated by completion of skill check off list, pre and posttest, patient log, evaluations for every rotation, end of year exam, and end of year presentation.

2. Job Application within Department of Surgery TCH
   2.1 All PA trainees are eligible to apply for any job throughout the program. If a PA trainee applies for and is accepted into a job at Texas Children’s Hospital, the PA trainee may use the last elective block as a transition into their new role and still graduate from the program as long as they continue to attend all didactic sessions and complete all fellowship program duties required of graduation (see criteria for successful completion of program), meet TCH requirements of the position, and demonstrate appropriate competencies for the curricular components as demonstrated by completion of skill check off list, pre and posttest, patient log, evaluations for every rotation, end of year exam, and end of year presentation.

3. Advanced Placement Option
   3.1 No advanced placement options will be offered at this time.
POLICY STATEMENT: PA Trainees are not permitted to moonlight during the PA Surgical Fellowship Programs

POLICY

1. Moonlighting
   1.1 PA Trainees are not permitted to moonlight during the PA Surgical Fellowship Programs

2. Responsibility and Enforcement
   2.1 Employees, providers (including Baylor College of Medicine faculty, fellows, residents and medical students), volunteers, vendors, contract staff (including Baylor College of Medicine and staff retained through a staffing agency), trainees, students and others whose conduct, in performance of work at or for Texas Children’s, are required to conform to Texas Children’s Policies and Practices, whether or not they are paid by Texas Children’s.
   2.2 Employees in violation of this policy shall be counseled according to Texas Children’s Corrective Action Policy. Violation of this policy can lead to termination of employment for repeat infractions.
Policies and procedures for PA trainee grievances/Problem Resolution

If the PA trainee has grievances related to the work environment, issues related to the program, or issues related to the program faculty, there are some steps that need to be followed to properly resolve the issue:

1. Ideally, two employees can discuss work-related problems and agree on a solution.
2. If more assistance is needed, you should follow the chain of command. Initially with instructional faculty or program director depending on the concern. If needed, the Academic Director is available if it cannot be resolved with instructional faculty and program director. They should be asked to help find a way to solve the problem.
   - All discussions with the program director are documented in the PA trainee’s secure file. The Program director will follow-up on any complaint or grievances to ensure a safe environment for PA trainee education. The Program director will then follow-up with all parties involved on a resolution.
3. If the problem is not yet resolved, the Medical Director or Assistant Medical Director can be consulted to help resolve issues. The Medical Director and/or Assistant Director will review all disciplinary action taken in the department and Human Resources will be consulted before any final action is taken.
4. If an employee is dissatisfied with the resolution of a problem within the department, an institutional process exists to address employment related concern. It is the employee’s responsibility to initiate the process and work with the Employee Relations Representative in Human Resources until it is resolved. Employees can call employee relations at 832-824-2421. Please see Employee Problem Solving Policy and Process.

If academic or other disciplinary actions are taken against PA trainees that could result in dismissal, nonrenewal of a PA trainee’s agreement or other actions that could significantly affect a PA trainee’s intended career development, PA trainees can report and submit grievances according to TCH Employee Problem Solving Policy and Process.
POLICIES AND PROCEDURES FOR PA TRAINEE WITHDRAWAL FROM THE PROGRAM

POLICY STATEMENT: It is the policy of Texas Children’s TCH PA Surgical Fellowship Programs that at any time without cause or reason, a PA trainee can withdraw from the program.

POLICY

1. PA Trainee Withdrawal
   1.1 PA Trainees have the opportunity to withdraw from the TCH PA Fellowship Programs at any time without cause or reason.
   1.2 If a PA trainee withdraws from the program prior to meeting all graduation requirements, they will not be awarded a certificate of completion.
   1.3 Any employee who terminates his/her employment with less than one (1) year of service will be required to reimburse Texas Children’s for the full amount of relocation assistance originally provided, if applicable. (See TCH Policy #104 relocation assistance policy).
   1.4 Please refer to TCH policy: #157 termination policy, #5413 termination procedure, #5564 termination guidelines, and #104 relocation assistance policy.

**POLICY STATEMENT:** It is the policy of Texas Children’s TCH PA Surgical Fellowship Program to support PA trainees and uphold the standards of the PA Surgical Fellowship Program in accordance with the criteria for successful completion.

**POLICY**

1. **Corrective Action**
   1.1 End of Rotation Evaluations
      - 1.1.1 If score is below 70 on evaluation: Probation and coaching
   1.2 End of Rotation Post-Tests
      - 1.2.1 If score is below 75 on post-test: Written definitions of objectives as assigned by clerkship director need to be completed
   1.3 End of Rotation Evaluation and Test
      - 1.3.1 If score is below 75 on post-test and 70 evaluation in one rotation: Probation, coaching, and remediation to include written objectives and a power point/oral presentation as defined by your clerkship director
      - 1.3.2 If score is below 75 for post-test OR 70 for evaluation for 2 rotations: Probation and induction of performance improvement plan and counseling
      - 1.3.3 If score is below 75 for post-test OR 70 for evaluation for 3 or more rotations: Potential dismissal from program
   1.4 If the PA trainee violates expectations, roles, responsibilities, and/or technical standards agreed upon during orientation, a meeting will be held with the trainee to discuss and formulate a plan to correct the issue.
   1.5 If the performance does not improve within the next rotation, disciplinary action will then be pursued in accordance with TCH policy with initial written, secondary written, then final written counseling.
   1.6 Disciplinary action may result in probation and/or termination of employment. PA trainee insubordination may result in termination of employment.

2. Coaching, Corrective Action, and Progression to Termination
2.1 PA trainees are counseled in order to:
  2.1.1 Recognize commendable performance
  2.1.2 To inform an employee of unacceptable and/or unsatisfactory action(s) and/or
  2.1.3 To provide documentation in either case

2.2 **Commendation** - An employee may receive a written counseling record when his/her
performance merits a commendation. The counseling record will be kept in the
employee's file, and can be used as an aide in the annual performance evaluation.

2.3 **Initial Written Counseling** - An employee may receive an initial written counseling
(documented on a counseling form) in the case of unacceptable and/or unsatisfactory
performance in collaboration with Human Resources. Documentation of the counseling
is made by the program director and is kept in the employee's file and filed with Human
Resources Department. A copy is given to the employee if requested.

2.4 **2nd Written Counseling** - A 2nd written counseling is documented on a counseling form
and is normally given following an initial written counseling when performance continues
to be below standard in collaboration with Human Resources. The counseling record is
made available to the employee for his/her signature and any comments he/she may
wish to add. Documentation of the counseling is made by the program director and is
kept in the employee's file and filed with Human Resources Department. A copy is given
to the employee if requested.

2.5 **Final Written Counseling** - A Final written counseling is documented on a counseling
form and is normally given following a 2nd written counseling when performance
continues to be below standard in collaboration with Human Resources. The counseling
record is made available to the employee for his/her signature and any comments he/she may
wish to add. Documentation of the counseling is made by the program
director and is kept in the employee's file and filed with Human Resources Department. A copy is given
to the employee if requested.

2.6 **Termination of Employment** - Termination may result:
  2.6.1 As the final disciplinary action that follows a Final written counseling.
  2.6.2 Immediate release for specific cause, such as (but not limited to) insubordination
or serious misconduct (i.e., neglect or abuse of patients, destruction of property,
thief, intoxication on the job, etc.).
  2.6.3 Termination and reasons for it are documented on the **Employment Change Form**
and is maintained by the Hospital.

Please refer to TCH policy: Please refer to TCH policy: #1477 Employee problem solving Policy,
#4915 employee problem solving procedure, #1527 termination policy, #5413 termination procedure,
#5564 termination guidelines.
Things to Enjoy in or Around Houston

Just Outside Houston
- **Austin**: 3 hour trip on 290 west or take I-10 to Hwy 71. Austin city limits music festival in September, three lakes, hiking and bike trails, bars on 6th street- lots of good food and independently owned shops.
- **Dallas**: 4 hour trip on 45 north. Aquarium, Zoo, Six Flags Over Texas, Hurricane Harbor and shopping
- **Galveston**: 45-60 minutes on 45 south. A beach!!! Visit the boardwalk and in summer the Pleasure Pier will be opening! Fish in Galveston Bay. Also watch out for special events like the sand castle building contest and Mardi Gras!
- **Hill Country**: lots of nice Vineyards (near Fredericksburg)
- **Kemah Boardwalk**: 20 miles south on 45. Amusement park, boat arena, lots of restaurants
- **Moody Gardens**: In Galveston; check out the Christmas light display in the December.
  www.moodygardens.com
- **San Antonio**: 196 miles West on I10. Alamo, river walk- lots of great food and shopping!
- **Woodlands**: 45 minutes on 45 north. Concerts at Cynthia Woods Mitchell Pavilion, shopping and dining.

Professional Sports
- **Astros** (baseball) www.astros.mlb.com
- **Dynamo** (soccer) www.houston.mlsnet.com
- **Rockets** (basketball) www.nba.com/rockets.com
- **Texans** (football) www.houstontexans.com

Enjoy the Outdoors
- If you like to bike try buffalo bayou bike trail, white oak bayou greenway, Columbia tap rail trail
- If you like to run try **Brian O’Neills Running Club** on Facebook
- **Brazos Bend State Park** for biking, fishing, hiking, birding, camping and star-gazing.
  www.hmns.org/see_do/george_observatory.asp or www.brazosbend.org
- **Anahuac Wildlife Preserve** great for bird watching, look out for
  Alligators www.fws.gov/southwest/refuges/texas/anahuac/index.html

Museums
- **Children’s Museum of Houston**: 1500 Binz, (713) 522-1138 www.cmhouston.org, free on Thursday evenings, 5-8pm
- **Contemporary Arts Museum**: 5216 Montrose Blvd, (713) 284-8250www.camh.org, every day is free!
- **Holocaust Museum**: 5401 Caroline Street, (713) 942-8000, www.hmh.org, Always free
- **Museum of Fine Arts**: 1001 Bissonnet Street, (713) 639-7300, www.mfah.org, Thursdays are free!
- **Museum of Natural Sciences**: One Herman Circle Drive, (713) 639-4629m www.hmns.org, free on Tuesdays from 2-8pm
- Many more museums- check out http://www.houstonmuseumdistrict.org/ for a full listing.
Go To a Show!

- **Alley Theatre** [www.alleytheatre.org](http://www.alleytheatre.org)
- **Broadway Across America** [www.broadwayacrossamerica.com/Houston](http://www.broadwayacrossamerica.com/Houston)
- **Houston Symphony** [www.houstonsymphony.com](http://www.houstonsymphony.com)
- **Miller Outdoor Theatre in Hermann Park** - free shows! [www.milleroutdoortheatre.com](http://www.milleroutdoortheatre.com) Check out the free summer symphony nights and Shakespeare Festival! All lawn tickets are free. Covered seats are free and given out at the box office the day of the show. First come first served!

Miscellaneous

- **Houston Livestock Show & Rodeo**: Every year in March (in May in 2021) - lots of concerts, food and rodeo fun! [www.hlsr.com](http://www.hlsr.com)
- **Wild West 2-steppin**
- **Houston Zoo**: [www.houstonzoo.org](http://www.houstonzoo.org), 1513 MacGregor Dr, (713) 533-6500, Free on Holidays. Park in Garage 4 next to Ben Taub!
- **Run the Houston Marathon!** [www.chronhoustonmarathon.com](http://www.chronhoustonmarathon.com)
- **Visit NASA**: [www.spacecenter.org](http://www.spacecenter.org)
- **Go out for a beer** (in the village, midtown, the Heights, Alabama Ice House, Kirby Ice House, etc.)
- **Check out Texas Junk Company** - Hundreds of used-excellent condition cowboy boots for CHEAP plus a lot of fun things to look through. If you live in Texas- you need boots! Then you could eat at Lankford Grocery or Niko Niko’s in the same area. Open Friday and Saturdays from 11am-6pm. 215 Welch Street, (713) 524-6257
- **Salsa Dance**: Taco Milagro, Skybar, Tropicana - people are always up for salsa dancing
- **Hermann Park**: walk/run, ride the train, watch plays, listen to live music, feed the ducks, squirrels, turtles and nutria, paddleboats [www.hermannpark.com](http://www.hermannpark.com)
- **Mountain bike in Memorial park**: [www.memorialparkconservancy.org](http://www.memorialparkconservancy.org)
- **St. Arnold's Brewery**: 2000 Lyons Ave, Houston, TX 77020
- **Karbach Brewery**: 2032 Karbach St, Houston, TX 77092
- **8th Wonder Brewery**: 2202 Dallas St, Houston, TX 77003

Food

**American/ General**

- **Mia’s Table**: same family that owns the original Carrabba’s. great for the family and adults. 3131 Argonne Street Houston, TX 77098 713-522-6427 $
- **Gracie’s**: same family that owns the original Carrabba’s. 3111 Kirby Drive Houston, TX 77098 713-728-6410 $$
