We are *Texas Vaccines for Children* providers. Children are eligible to receive vaccines through our program if they have no insurance, have insurance that does not cover vaccines, have Medicaid, or are American Indian/Native American or Alaskan Native. Vaccines are walk-in services and will be seen between patients with appointments. Vaccine services are limited by supply, staffing and time. Families are encouraged to arrive early.

We will assist you in applying for health insurance and help you find a local medical clinic for your child's continued care.

To make an appointment please call 832-824-6780

** Early Dismissal 12:00 noon
