

Radiology

Texas Children's Edward B. Singleton Department of Radiology brings together world-class expertise, leading-edge technology and renowned physicians to provide comprehensive, accurate and safe imaging. As one of the nation's most active pediatric radiology programs, we have the depth and breadth of experience to provide the highest quality care to patients close to home.

Meet our team

Texas Children's pediatric radiologists are committed to the highest-quality imaging, which includes participating in a range of research to lead to more accurate and efficient methods. They are supported by a highly trained team of nurses, technologists and staff. Our dedicated Child Life specialists and child-friendly environment help put patients and families at ease.
