

Kidney Transplant Program

Texas Children's
Hospital®

Led by:

Medical Director, Eileen D. Brewer, M.D.

Surgical Director, Christine Ann O'Mahony, M.D.

Texas Children's Hospital kidney transplant program is one of the largest pediatric kidney transplant programs in the nation. Since 1988, our surgeons have performed more than 500 kidney transplants at the hospital.

A multidisciplinary team of experts – including transplant surgeons, pediatric nephrologists, transplant coordinators, dietitians, child life specialists and social workers – works together to provide the best care for patients and respond to patient/family needs.

PROGRAM FLAGSHIPS

- One of the largest pediatric kidney transplant programs in the nation
- Multi-organ transplant capability
- Experienced in deceased and living kidney donors
- Experienced pediatric dialysis program, equipped with acute and chronic hemodialysis and peritoneal dialysis.

U.S. NEWS & WORLD REPORT

Texas Children's Hospital is recognized as one of the nation's best children's hospitals by *U.S. News & World Report*. As the only hospital in Texas on the Honor Roll, we're proud to have top 10 rankings in all 10 recognized specialties. We are #2 in the nation for Nephrology, according to the 2019-20 rankings.
