Texas Children's Urgent Care

Texas Children's Urgent Care brings expert after-hours and weekend pediatric care right to your neighborhood. We are staffed by board-certified pediatricians, nurse practitioners, physician assistants and nurses who specialize in pediatric clinical care. Our facilities and equipment are designed to meet the needs of children and young adults through the age of 18. We accept multiple insurance plans and offer a full range of affordable, self-pay options.

Virtual visits

Hours of Operation:
Monday – Sunday: 9 a.m. – 11 p.m.

A virtual visit allows your child to be seen from the comfort of your home by putting you in touch with one of our pediatric-trained healthcare providers. You can use your PC/Mac or Android/iPhone device to connect with our provider who will guide you through the visit. At the end of the visit, a summary will be sent to your child's pediatrician. If a prescription is needed, it can be sent to your local pharmacy.

If the provider is unable to make the diagnosis via phone/video or needs more information, the patient may be asked to be seen for an in-person visit.

Conditions appropriate for virtual visits:

- Allergic reaction (not involving difficulty breathing or vomiting)
- Cough, cold or congestion
- Ear pain
- Fever in children older than 4 months of age
- Flu
- Pink eye
- Rash
- Skin infection
- Sore throat
- Urinary tract infection
- Vomiting and diarrhea

In-person visits

Use the Save My Spot feature to reserve your spot in line.
