

Your referral to Texas Children's Hospital: Allergy and Immunology

Your doctor has referred your child to a pediatric allergy and immunology provider at Texas Children's Hospital. For your convenience, our allergy and immunology providers see patients at multiple locations and **may offer video visits for certain conditions.**

Select visit types may require review by our team before scheduling can occur, but **many visit types can be scheduled using your Texas Children's MyChart account.**

If you do not have a MyChart account for your child, prefer to make an appointment over the phone or would like to check on the status of your referral, please call:
