

Your referral to Texas Children's Hospital: Complex Care

Your doctor has referred your child to the Complex Care Clinic at Texas Children's Hospital. This clinic offers pediatric primary care for patients with complex medical needs. Our team has received your referral and is reviewing the information to determine if the Complex Care Clinic is the best medical home for your child.

Within two weeks, a clinic team member will contact your physician with the results of the review. If the Complex Care Clinic is found to be the best care location for your child, we will also contact you directly to schedule your first appointment. For your convenience, our Complex Care Clinic sees patients at two locations in the Houston area and **may offer video visits for certain conditions.**

To check on the status of your referral, please call 832-822-3436, Mon. – Fri., 8 a.m. – 4:30pm.

Thank you for allowing us to care for your child.
