

Your referral to Texas Children's Hospital: Physical Medicine and Rehabilitation

Your doctor has referred your child to a pediatric physical medicine and rehabilitation provider at Texas Children's Hospital. For your convenience, our physical medicine and rehabilitation providers see patients at multiple locations and **may offer video visits for certain conditions**. Currently, our Austin location for physical medicine and rehabilitation only provides spasticity management services.

Many visit types can be scheduled using your Texas Children's MyChart account.

If you do not have a MyChart account for your child, prefer to make an appointment over the phone or would like to check on the status of your referral, please call:

- **Houston area:** 832-822-2778 (Mon. – Fri., 7 a.m. – 7 p.m. or Sat. 9 a.m. – 2 p.m.)
- **Austin area:** 737-220-8200 (Mon. – Fri., 8 a.m. – 5 p.m.)

Thank you for allowing us to care for your child.
