

Ophthalmology Diagnoses

Texas Children's Specialty Care Austin

The pediatric ophthalmology specialists at Texas Children's Specialty Care Austin provide the latest treatments and therapies targeting a wide spectrum of eye diseases and conditions in children, from the simplest to the most complex. Our medical-surgical specialists do not perform routine non-medical eye exams.

We accept medical insurance plans but are not able to accept vision insurance plans.

Diagnoses we treat

- Adults interested in strabismus surgery
- Amblyopia (lazy eye)
- Anterior segment disease
- Blepharitis
- Blocked tear duct (NLDO)
