# Getting Started: Setting Your iECHO Account

The TB GAPS ECHO Hub is Open registration: anyone with the program link can view program details and register. Please register using the QR code below.

01 — You Will Be Taken To iECHO

On the homepage of the Hub, select **"Register Now"** and follow the registration steps by entering your details such as your Email, First & last name, etc.

02 — Check Your Email

Check your email for an invitation email from **"ECHO Institute <no-reply@iecho.org>"**

If you didn't receive the e-mail invite, try **checking your spam folder**

03 — Create A Secure Password

Create a secure password that will be easy for you to remember, but hard for an attacker to guess.

Setting a secure password is very important to ensure your account stays safe and protected.

04 — Select The Checkbox

Select the checkbox next to the Terms of Use and Privacy Policy, and click on **Agree & Continue**

On completion of the above steps, the platform will promptly ask users to fill in professional profile details such as Occupation, Organisation & fields of interest.

Welcome to the TB GAPS ECHO Hub!
