Texas Children's

Candy Cane Lane

Donation Drop-Off Information

Thank you for making this holiday season joyful by donating gifts to the patients and families at Texas Children's!

We are so grateful to have your partnership in ensuring that Texas Children's patients and families have the best possible experience while they are here at the hospital during the holidays. We believe in treating the whole child, addressing not only their medical needs, but also their social and emotional needs. This would not be possible without the support of organizations like yours during the holidays.

IMPORTANT: Donated items must be brand new and in their original packaging.

Before arriving, please pre-sort items by category and place each category in a separate, clearly labeled bag or box.

Example: Keep dolls, toy cars, arts and crafts, books, games and infant items separate.
