

Texas Children's Pediatrics

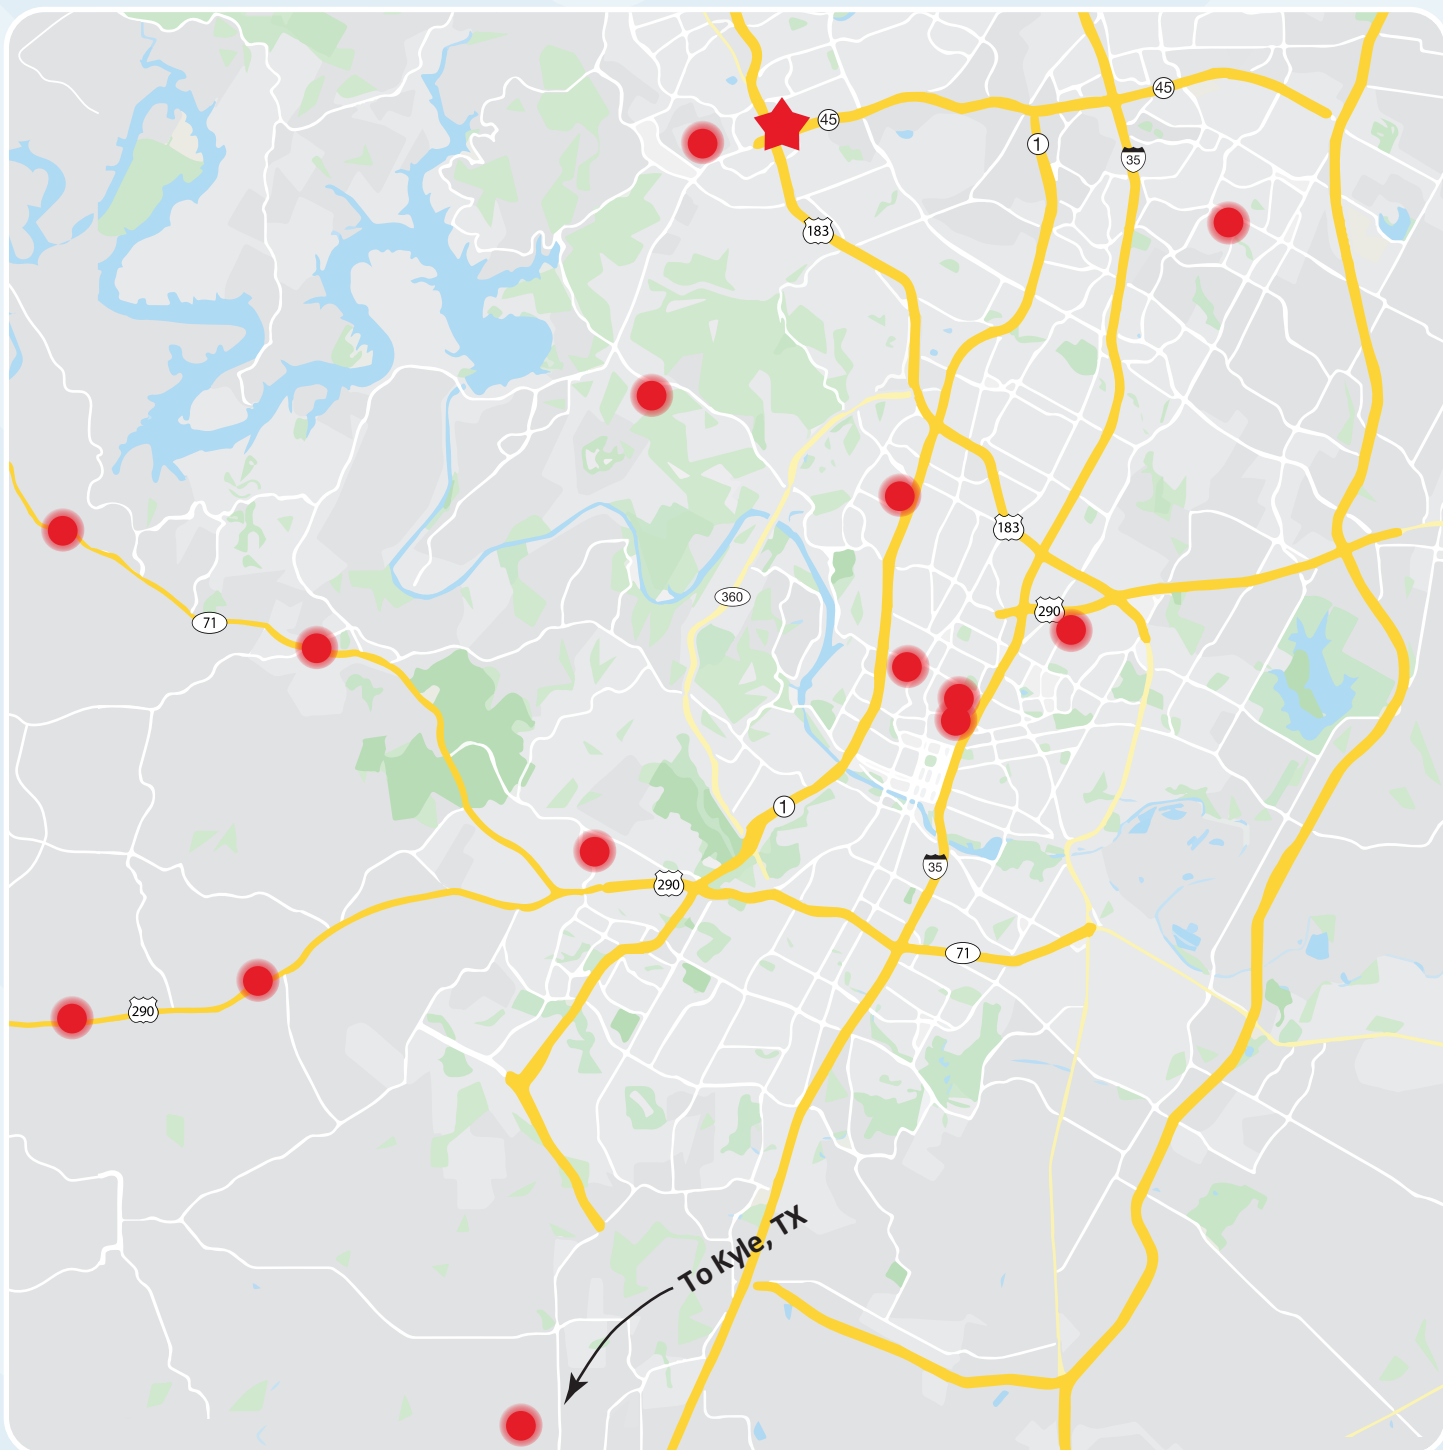

Austin, we have you covered

We're providing expert care close to home. Texas Children's Pediatrics is the largest pediatric primary care group in the nation, and our teams of caring physicians and staff are devoted to your child's health — from newborn care through the teen years.

Our services include:

- Health care and nutrition education
- Hearing and vision screenings
- Prenatal consultations
- Preventive health care
- School and sports physicals
- Sick-child visits
- Treatment of minor injuries
- Vaccinations and immunizations
- Well-child visits
