Texas Children's

Heart Center Fellowships

For ten consecutive years, the Heart Center at Texas Children's Hospital has been ranked as the #1 Pediatric Cardiology and Congenital Heart Surgery program in the country.

Our expert physicians, academic faculty at Baylor College of Medicine, are world-renowned leaders in pediatric cardiology, congenital heart surgery, interventional cardiology, cardiovascular imaging, cardiovascular anesthesiology, electrophysiology, heart transplantation, echocardiography and cardiac intensive care.

The Heart Center team is devoted to providing unparalleled education and unique research opportunities for future clinical leaders in pediatric and adult congenital heart disease. Housed in the largest medical center in the world, the Heart Center at Texas Children's affords our fellows the opportunity to perform more procedures, examine more patients and conduct more research compared to other programs.
