

OB Intensive Care Unit

Texas Children's Pavilion for Women features a four-bed maternal intensive care unit (ICU) dedicated solely to obstetric critical care. The ICU is staffed 24/7 by a pulmonary critical care and maternal-fetal care team embedded in the hospital's labor and delivery unit.

Located on the ninth floor within the labor and delivery unit, the ICU provides a specialized, private, and family-friendly environment for high-risk expectant and postpartum mothers with pregnancy complications.

THE TEAM TREATS WOMEN WITH PREGNANCY COMPLICATIONS, INCLUDING:

- Sepsis
- Peripartum bleeding
- Hypertensive disorders
- Placenta accreta spectrum disorder

THE TEAM HELPS WITH MANAGEMENT OF HIGH-RISK CONDITIONS, INCLUDING:

- Maternal cardiac, rheumatologic or kidney disease
- Diabetes and other endocrine disorders
- Hematological disorders

Texas Children's[®] Pavilion for Women

The unit provides critically ill obstetric patients with the latest lifesaving equipment and fetal monitoring systems. It also features a dedicated ICU team, including 24/7 critical-care physicians, maternal-fetal medicine specialists, and ICU-trained, ACLS-certified (advanced cardiovascular life support) nursing staff.

The multidisciplinary ICU team collaborates closely with Baylor College of Medicine's adult subspecialties, including cardiology, hematology, neurology, and nephrology, among others. The unit and team are also among the most experienced in the nation in caring for mothers who have undergone fetal surgery.
