

Are you pursuing a career as a
Certified Child Life Specialist?

Child Life Internship

Don't miss this unique opportunity to gain hands-on experience in both hospital and community-based settings through a collaborative 600 hour internship with Wonders & Worries and Texas Children's Hospital.

- ✓ Interns will rotate between a pediatric hospital setting and a community-based program, developing critical competencies in therapeutic play, coping support, emotional expression, and family-centered care.
- ✓ This comprehensive training includes working with children experiencing illness or trauma, as well as children whose caregivers are coping with illness or injury.

Take the next step toward your future in child life—apply today!
