Nursing

at Texas Children's Heart Center

Texas Children's Heart Center has been a leader in pediatric cardiology and heart surgery for nearly 70 years, providing care for some of the world's rarest and most complex heart conditions. Our nursing team plays a crucial role in delivering high-quality patient care. Their expertise and dedication contribute significantly to our success in achieving exceptional patient outcomes. Collaborating closely with physicians and other healthcare professionals, we provide comprehensive care tailored to each patient's needs from conception through adulthood.

The dedication and leadership of the nursing team are integral to advancing the care provided to patients and their families. Our commitment to excellence ensures that Texas Children's Heart Center remains at the forefront of congenital cardiac care.

Texas Children's
Hospital

- Our organization has been Magnet designated since 2003, and continues to be recognized by ANCC and maintain the gold standard for nursing excellence and high quality patient care.
- Texas Children's Heart Center has been the #1 pediatric heart center in the nation for cardiology and surgery for nine years in a row.
- We have 118 cardiac-dedicated inpatient beds as well as 4 CVORs and 4 Cath labs. Our Heart Center performs more than 1,100 cardiac surgeries and over 1,600 cardiac catheterizations annually.
- Texas Children's is committed to the growth and development of our nurses and is consistently recognized as a top place to work by the Houston Business Journal.
- One of the largest employee populations at Texas Children's Hospital is our nursing team, comprised of over 4,000 individuals dedicated to our mission, over 500 of which hold advanced degrees.
- Our dedicated Heart Center nursing teams care for patients at our facilities in Houston and Austin.
