

#3 Children's Hospital in the Nation

With decades of experience providing the highest quality health care to children and women in our global community, Texas Children's Hospital is ranked the #1 pediatric hospital in Texas and #3 in the nation. A leader in patient care, education and research — and the primary teaching hospital for Baylor College of Medicine — Texas Children's physicians and staff combine groundbreaking discoveries, technology and expertise with compassion and a family-centered, multi-faceted approach to care.

Last year alone, Texas Children's recorded more than 34,000 admissions across all three campuses and nearly 5 million patient encounters — making tomorrow better for families across Texas and around the world.

In addition to our three Houston-area hospitals, Texas Children's vast network includes exceptional pediatric practices, specialty care centers and urgent care centers throughout Greater Houston and Greater Austin, as well as a new hospital for children and women now open in Austin.

#1 Cardiology & Heart Surgery

#1 Pulmonology

How to refer a patient

To refer a patient, please visit texaschildrens.org, select **Refer a Patient**, then **Select a Department** from the dropdown menu and submit an **Online Referral Form**.

Referring provider resources

The Provider Connect team supports all Texas Children's pediatric and women's specialty areas. If you are a referring provider's office needing referral assistance or a provider needing to speak to an on-call specialist, please contact the **Provider Connect** team at 832-TCH-CARE (832-824-2273) or toll-free at 877-855-4857, M–F, 8 a.m.–5p.m., excluding holidays. **After hours**, follow the prompts to be directed to a resource that can quickly connect you with the appropriate provider. For non-urgent questions, email us at providerconnect@texaschildrens.org.
