

Your referral to Texas Children's Hospital: Adolescent Medicine

Your doctor has referred your child to a pediatric adolescent medicine provider at Texas Children's Hospital. For your convenience, our adolescent medicine providers see patients at multiple locations across the Houston area and **may offer video visits for certain conditions**. Our eating disorder and Teen Wow programs are only offered at our Texas Medical Center Campus.

Select visit types may require review by our team before scheduling can occur, but **many visit types can be scheduled using your Texas Children's MyChart account**.

If you do not have a MyChart account for your child, prefer to make an appointment over the phone or would like to check on the status of your referral, please call 832-822-2778, Mon. – Fri., 7 a.m. – 7 p.m.

Thank you for allowing us to care for your child.
