

Your referral to Texas Children's Hospital: Cardiology

Your doctor has referred your child to a cardiology provider at Texas Children's Hospital. Your referral has been received, and we are ready to schedule your child's appointment. For your convenience, our cardiology providers see pediatric cardiology and adult congenital cardiology patients at multiple locations and **may offer video visits for certain conditions**. Our team will work with you to find the provider and location that best meets your needs.

Select visit types may require review by our team before scheduling can occur, but **many visit types can be scheduled using your Texas Children's MyChart account**.
